

NewTek

NewTek Educational Policy

Educational **hardware** purchases are only available to accredited educational institutions and must be accompanied with qualifying educational institute documentation.

- In order to qualify for the educational discount, the institution **MUST** be an accredited institution. A signed purchase order is required when placing an order with NewTek.
- Educational hardware may not be upgraded to a commercial version.

Educational **software** purchases are available to accredited educational institutions, students and professors and must be accompanied with qualifying educational institute, student, employee or professor documentation.

- In order to qualify for the educational discount, the institution **MUST** be an accredited institution. A signed purchase order is required when placing an order with NewTek.
- In order to qualify for the educational discount, the student **MUST** attend at least six credit hours in a NewTek vertical market. A copy of their student ID and class schedule is required when placing an order with NewTek.
- In order to qualify for the educational discount, the professor **MUST** teach at an accredited institution. A copy of the professor's ID and a copy of their pay slip (numbers may be blackened) is required when placing an order with NewTek.
- Educational software must be registered with NewTek for at least six months before it is eligible to be upgraded to a commercial version.
- Orders for lost /stolen LightWave dongles are processed through Customer Service with the End User at 1-800-TOASTER. The fee for a lost dongle is \$75 for educational students and \$36 for educational institutions. A police report or letter explaining how the dongle was lost/stolen will be required.
