Monster Ultra Series THX-Certified Home Theater Cables

THX developed cable specs for accurate connections since cabling is such an important element of HT systems, which present a unique challenge due to the cumulative effects of frequency response errors, hum, and other distortions prevalent in complex, multi-channel Home Theater systems.

Acoustic Treatments

Acoustical treatment is an aspect of Home Theater too often neglected. Whether you've spent hundreds or thousands on your HT setup, it will sound noticeably better with a few carefully selected products. Reflective surfaces (especially opposing walls) are the enemy of crisp, clear sound and the sheer number of speakers in the typical HT set up compound the problem.

SFS-112
SonoFlat Room System

The SFS-112 is best suited for rooms that do not need diffusion. One or two of the SFS-112's are perfect for smaller rooms.

- 2" SonoFlat Panels (charcoal, burgundy, brown, or purple) 24 pieces
- 96 sq.ft. coverage
- SonoColumns (Charcoal Only) 4 pieces
- 16 sq. ft. coverage
- SonoCollars (Charcoal Only) 4 pieces
- Tubetak Pro Adhesive 5 pieces

EPS-112T

Elite Pro System

Aurdex ELiTE Pro Systems offer two all-inclusive room acoustical treatment solutions for home cinema, listening rooms, recording studios, and board rooms. Components include B22 ProPanels, ELiTE CT45 for low-end absorption and the ProFusor for diffusion in larger installations.

The EPS-112T provides a total of 112 square feet of coverage and is designed for smaller rooms where diffusion is typically not required due to space limitations. The EPS-112T offers outstanding acoustics and great looks for small to medium-sized rooms.

System Components Quantity Coverage:

1" B22 ProPanels - (Obsidian, Sandstone, Gornet, Tiger Eye) 20 80 sq.ft.

2" CT45s - (Obsidian or Sandstone) 4 32 sq.ft.

MOPADS

Isolation Platform

MoPAD Monitor Isolation Pads provide sonic isolation between your Speakers/monitors and whatever your monitors are resting on, INSTANTLY improving the accuracy of your entire monitoring system.

Even on typical speaker stands, MoPADs optimize the performance of your reference monitors.

Even low-budget computer monitors can sound cleaner, clearer, and more articulate with a set of MoPAD Speaker/monitor isolation pads.
