## AstroScope 9350BRAC/9350XL/9323B ENG/9350CCD G-Mount Series Systems

AstroScope's versatile night vision video solutions record high-resolution video directly onto various standard and high-definition video camcorders. These specifically designed kits are based on a "modular" system. To facilitate your high-performance video capture, the exceptionally noteworthy common Gen III Central Intensifier Unit (CIU) module captures your imagery with precise detail, edge-to-edge. It has extraordinary sensitivity in critical low-light operation, and can transform any dark scene into bright, high-resolution imagery, increasing performance by 8 to 10 F-stops.

- Shoot Full-Frame Video at Distances beyond 1000 meters
- Rugged and Compact Design Ideal for Demanding Field Applications

- Unmatched Low-Light Performance
- Designed for User-Friendly Setup and Operation
- Supports High-Definition (HD) Camcorders

### 9350XL-3PRO

Designed for the Canon XL1/1S/XL2/XL-H1 Series, standard and high-definition model camcorders. Utilizing Canon's 20x zoom lens enables long-range surveillance and evidence capture. This system permits you to define your system even more by taking advantage of the vast array of Canon quality EOS EF still imaging lenses, with the addition of Canon's EF Lens Adapter. (B&H #CAEFAXL1)

- Intensifier (CIU) Module Powered by the Camcorder
- Maintains all Camera Functions Including Image Stabilization

#### 9350XL-3PRO System Includes:

- Gen III Common Module Central Intensifier Unit • Back Body Adapter (BBA)
- Front Lens Adapter (FLA) • Simple "Start Here Card" • Soft-Sided Drawstring Lens Bag • Lens Cleaning Cloth

#ASNVACXL (914657)

\$5,849.95

### AstroScope 9350BRAC systems

The AstroScope 9350BRAC systems are designed for video camcorders with a "fixed" (non-removable) lens. They require an optional standard C-mount objective lens, per your intended requirements for high performance.

#### 9350BRAC Systems Include:

- Gen III Central Intensifier Unit Module (Powered by AAA Batteries)
- Custom-Designed Relay Lens • Camera Platform Bracket with Standard 1/4" x 20 Tripod Mount • Eyepiece Adapter (EPA) with Cold Shoe Accessory Adaptor • C-Mount Front Lens Adaptor (FLA-C) • Simple "Start Here Card"
- Standard AAA Batteries • Lens Cleaning Cloth

#ASNVBCGL2 9350BRAC-GL2-3PRO for Canon GL2

\$5,399.95

#ASNVBSPD150 9350BRAC-PD-3PRO for Panasonic DSR-PD150 and DSR-PD170

\$5,399.95

#ASNVBPAGHVX2 9350BRAC-HVX-3PRO for Panasonic AG-HVX200

\$5,800.00

#ASNVBSHDRS1 9350BRAC-SR1-3PRO for Sony HDR-SR1

\$5,800.00

#ASNVBPAGDVX1 9350BRAC-DVX-3PRO for Panasonic AG-DVX100/A/B

\$5,800.00

#ASNVBSHVRA1U 9350BRAC-A1-3PRO for Sony HVR-A1U

\$5,800.00

#ASNVBCXHG1 9350BRAC-XHG1-3PRO for Canon XH-G1

\$5,800.00

#ASNVBSHVZR1U 9350BRAC-Z1-3PRO for the Sony HVR-Z1U

\$5,399.95

### 9350CCD-3PRO

#### for G-mount CCTV Camera Night Vision Adapter

If covert or overt surveillance are your requirements, this system with the common module Gen III Central Intensifier Unit allows you advanced night vision with significant detail from any C-mount camera.

#### C-Mount Systems Includes:

- Gen III Central Intensifier Unit
- C-Mount Front Lens Adapter (FLA-C)
- C-Mount Back Body Adapter (BBA-C)

#ASCMCA (914739)

\$5,804.95

### 9323B ENG

9323B-3N for ENG/EFP 2/3" B-4 (Sony-Type) Bayonet Mount

#### Systems Includes:

- Gen III Thin Film Image Intensifiers
- Supports 2/3" Cameras with B-4 (Sony-Type) Bayonet Mount
- Intensifier module powered directly from host camera
- Permits the use of all standard optics
- Soft-Sided Drawstring Lens Bag
- Lens Cleaning Cloth
- Support for High-Definition (HD) Models

#ASNVABENG (914415)

\$8,798.95

## Reconnaissance, intelligence, and target acquisition

When you're responsible for reconnaissance, intelligence or target acquisition, B.E. Meyers & Co. offers specifically designed night vision video solutions that can facilitate the capture of high-resolution video directly onto various standard and high-definition video camcorders. The impressive Prowler scope, which is a "fully-operational" pocket scope by itself, can be configured into systems that enable you to see at night, at great distances.

The improved Prowler scope (4300i) construction utilizes high-specification, Gen. III light amplification tubes within an aluminum body. It incorporates an internal "flood light illuminator" that allows night viewing up to 200 feet. An optional laser illuminator (51) can be attached to meet the demands for wider or longer range night vision requirements, with capabilities of well over 2 miles.

The Prowler night vision systems 745A (for fixed-lens camcorders) and 745B-1 (for Canon XL series camcorders) supply the necessary relay and camcorder bracket required to mount the Prowler night vision scope to your camcorder.

The versatile Prowler is designed with a C-mount front lens mount, and includes a removable 50mm f/1.3 C-mount lens. Depending on your objective requirements, an array of other C-mount lenses may be configured, or the multi-purposed Prowler accepts 35mm lenses when optional 709A series lens adapters are implemented for your Nikon, Canon, Minolta, or Pentax 35mm lenses. The 745B1 includes the necessary attachments that allow the Prowler to attach to the Canon XL series camcorders. The optional 709A-XL adapter will allow Canon's video 6x, 16x, or 20x lenses to attach to the Prowler.

### Prowler 4300i

Multi-purpose Gen. 3 Pocket Scope

- Third Generation Gen III+ Image Intensifier with IR illuminator
- +2/-6 Dipodic Adjustment • Operates on (1) CR123 battery or (1) AA battery

#BE4300i \$2,994.95

### 745-B1 Night Vision Systems

Canon XL Series Night Vision Camcorders kit

The 745B-1 series adapts to Canon XL series (interchangeable-lens) camcorders. The 745B-1 includes the relay with designated camcorder adapting bracket mount. The image above illustrates the 745B-1 together with the (optional) Prowler scope, which has a C-mount front and 50mm lens. To adapt the Canon 6x, 16x, and 20x video lenses requires the optional 709A-XL adapter ring

#BE745B1XL for Canon XL-1/1S/XL-2/XL-H1 \$2,594.95

### B.E. MYERS 703

Night Vision CCTV Relay Lens Adapter

This CCTV Relay Lens allows you to install any Prowler Scope on a CCTV camera. Simply replace your standard relay lens with this lens and install the assembly onto your CCTV camera.

#BE703 \$794.95
