SP (Standard Play)	Good	2 hours

3. Plug & Share

Connect your Vado to your computer's USB port as shown. In the window that appears, select to launch Vado Central software.

To copy videos to your computer, click **Copy**.

To share your videos online, select the videos you want and click **YouTube™** or **Photobucket™**.

Note:

- Vado Central software is not available for Mac® systems. To view videos on your Mac, copy the video files to your computer and use QuickTime® for viewing (Xvid plugin required).
- If you choose to reformat your Vado (all the content in your Vado will be deleted, including the built-in software), select the FAT 16 file system.
- Safety and regulatory information can be found in the root directory of your Vado.
