B&H is continuing to expand its commitment to the growing needs in the Security, Surveillance, and Monitoring arena and is ready to provide you with a system designed to fit your needs and budget. B&H has the expertise and resources to ensure that you get the right equipment from our portfolio of qualified companies. Applications can run from observation and monitoring to sophisticated configurations designed for highly-sensitive security applications. In any case, we’ve got you covered! We’ll help you see what you want to see. With over 30 years of experience in video and photography, you will benefit from the expertise of our friendly, trained staff.

Surveillance cameras come in a variety of shapes, forms, sizes, and functionality – from black and white to color, fixed or Pan-Tilt-Zoom, covert to overt, nanny cams to dome cameras to IP network cameras. Regardless of your need, B&H has the product depth and breadth to fit any application.

Many factors determine what type of equipment you may need. There are myriad applications for surveillance cameras. Of course, the primary usage is for security from criminal or mischievous activity in or around your business or home. However, there are more and more documented case studies of alternative uses including traffic control, warehouse management, remote site viewing, public safety – the uses are as unlimited as the imagination.

Consider what will help determine the right equipment for you. What are you trying to observe? How far away is it? What type of detail do you require? Some questions to answer include: What type of lighting will there be? Will you need cameras indoors or outdoors or both? How wide a viewing angle? Another important factor to consider is to whether or not and to what degree you need to record the video. How do you intend to back up the video? For how long do you need to archive this video data?

At B&H, we will guarantee that your expectations are exceeded by providing you with complete system requisite accessories – including cameras, DVR / NVR, lens, monitors, controllers, power, wiring, cabling, multiplexers, and much more.

**Terms to know…**

**ANALOG SIGNAL**
Most CCTV cameras, although working internally with digital components, produce a standard analog signal where the image is represented by variable voltage level and frequency timings. In the USA, the standard is called NTSC.

**BACK-LIGHT COMPENSATION**
This is a feature that allows a camera to automatically adjust to compensate for bright sunlight or bright lights, to give more detail on the darker areas of the image.

**CCD (CHARGE COUPLED DEVICE)**
One of the two main types of image-sensing device used in cameras, it operates by converting light energy into an electrical charge. A semiconductor device that converts optical images to electronic signals.

**C MOUNT LENS & CS MOUNT LENS**
These are the two main types of lenses that mount on Surveillance cameras. The CS mount lenses are more widely used today on Surveillance cameras.

**DIGITAL VIDEO RECORDER (DVR)**
Records an analog signal (see definition above) onto its Hard Disk Drive digitally. Most DVR’s can be accessed through the LAN, or over the internet.

**LUX**
This is a measurement of the “Minimum Illumination” required for a camera to produce an image in low lighting. The lower the rating, the more sensitive the camera is in low lighting. The abundance of light delivers a better-quality picture. In less light, the picture tends to have more video noise, and a grainy picture. This specification can be defined with the f/Stop and gain settings needed to achieve the lowest lux possible.

**MATRIX SWITCHER**
A switcher with the capability of switching an array of input sources to an array of output destinations, connected, glitch-free. Allows any of its camera inputs to be switched to one or more DVR or monitor outputs.

**MULTIPLEXER**
Takes inputs from 2 or more video channels and combines them into one signal.

**IP/NETWORK CAMERA**
Cameras that capture video information and transmit it over an IP network. The images are encoded via compression techniques (i.e. JPEG or MPEG). “Network” cameras should not be confused with a “webcam” which needs to be attached to a computer to operate. Network cameras usually offer some interface so that the user can operate and view the video remotely over the Internet.

**NETWORK VIDEO RECORDER (NVR)**
NVRs accept network (IP) camera inputs. Traditional CCTV camera’s signal would need to be encoded for input into an NVR.

**TELEVISION LINES (TVL)**
The resolution of a video device is measured in TVL; the higher the number, the higher the resolution.

**PoE (POWER OVER ETHERNET)**
Abbreviation refers to power to an IP camera using Cat5 Ethernet cables, eliminating the need for an additional power source and cabling.

**PTZ**
Acronym for Pan, Tilt, and Zoom; refers to a camera’s ability to change its area of view, as needed by the operator or system.
### Surveillance & Monitoring Packages and Kits

#### WilLife DVS-800
WilLife Network Surveillance Systems are designed as easy, do-it-yourself, (DIY) Video Surveillance starter kits for your home or office.

- Delivers Pro-Grade Quality Color Video without Running Wires
- Connect up to 6 cameras in 1 system
- Three Easy Step Setup:
  1. Install the Camera, and Plug into an AC Outlet
  2. Connects WiLife Receiver to your PC via USB Connection
  3. Install the WiLife Werks Software

#### All Starter Kits Include:
- Camera, Power Supply
- Receiver, USB Cable, Ethernet Cable
- Computer and Monitor Not Included

#### VISS7500 Video Intercom Security Kit
Video intercom system that allows you to see and hear who's calling at your door.

- Two-way audio communication
- Connects to standard 2-wire bell system
- Supports a maximum of 3 monitors (optional)
- Camera has 6 Built-in IR LED's for Night Viewing
- Built-in Loud Siren Deterrent for Unwanted Visitors

**Kit Includes:**
- 5.6" Color LCD Monitor w/Built-in Speaker
- Camera with 6 Built-in Microphone
- AC Adapter: 60 ft Extension wire
- Mini A/V to 3-RCA adapter cable

Surveillance & Monitoring Packages and Kits

- **EverFocus** EVDVR4DK1
  - Color Surveillance Camera and DVR Kit
  - Kit Includes:
    - 2 E0250 1/3" Sony Image Sensor Camera with C/CS Lens Mount
    - 2 ED300 Dome-Style Camera w/2.8-8.5 f/1.4-1.8 Varifocal Lens
    - EDV401 DVR with 250GB Hard Drive
  - #EVDVR4DK1
  - $1249.95

- **EDV4AD1K2**
  - Color Surveillance Camera and DVR Kit
  - Kit Includes:
    - 2 ED305 1/3" Sony Image Sensor Camera with C/CS Lens Mount
    - EDV401 DVR with 500GB Hard Drive
    - 2 ED305 Mini-Dome, P/T/Z Camera w/F3.8mm-9.5mm Vari-focal Lens
  - #EVD4AD1K2
  - $1599.95

- **EDV920K**
  - Day/Night Surveillance Camera and DVR Kit
  - Kit Includes:
    - 2 EHDS25 Heavy Duty Day/Night Rugged Dome with 3.8-9.5mm Vari-focal Lens
    - 2 ED505 Day/Night Cams w/520 TVL of Resolution
    - EDV920 DVR with 500GB Hard Drive
  - #EDV920K
  - $1999.95

- **Panasonic**, BL-MS103A
  - Internet Video Monitoring System Kits
  - Kit Includes:
    - Monitor Audio with the Video
    - Easy Control from Any PC, Compatible PDA or Cell Phone
    - Up to 12 cameras can be displayed on one PC monitor
    - Up to 20 clients can access a camera simultaneously
  - #PBALMS103A
  - $979.95

- **Wireless MPEG-4 Network Camera Kit**
  - View from Virtually Any Web Browser
  - Pan/Tilt/Digital Zoom with Presets
  - Audio Capability (2-way)
  - Kit Includes:
    - BB-HNP11A (Recording software)
    - 2 BL-C131A's Wireless Indoor Camera
    - 2 BB-HCM371A's Wireless Outdoor Camera
  - #PAWCK
  - $2299.95

- **PoE Indoor Network Camera Kit**
  - Plug-and-play Installation • Up to 30fps
  - SD Memory Card Recording (up to 2GB)
  - Kit Includes:
    - BB-HNP11A Recording Software
    - 2 BH-CM260A Dome Camera w/SD Card Slot
    - 2 BH-CM420A Pan/Tilt Camera w/SD Card Slot
  - #PAPOECK
  - $1899.95

  - $149.95
  - #OSGG8840 Includes Rechargeable Lithium Battery
  - $129.95

- **Swann** SW-C-DPCC / SW-211DPE
  - Concealed Cameras in PIR Case
  - Customized Features:
    - Designed to fool even the most sophisticated criminals
    - Discreet camera surveillance
    - Plugs into an A/V TV, VCR
    - Easy blend in with surroundings
    - Mount onto the ceiling or wall
  - #SWCDPCC Concealed Camera in PIR Case
  - $94.95
  - #SWSW211DPE Concealed Camera in PIR Case with SD Memory Card
  - $144.95

- **SVAT** UC1300 / UC1400
  - Covert Color Cameras
  - Kit Includes:
    - Easy Connect Receiver to TV or VCR
    - 1/3" CMOS Image Sensor
    - LED Infrared Illumination to See in the Dark
    - Up to 300 Ft. Range
    - Includes Wireless Receiver
    - Built in 3.6 mm f/2.0 Lens
  - #USV1C1300 Covert Camera in Teddy Bear
  - $39.95
  - #USV1C1400 Covert Camera in Smoke Detector
  - $49.95

www.bhphotovideo.com
CVD200
Indoor Dome Surveillance Camera
• 1/4 Color CMOS Image Sensor
• 4.69 x 3.54 mm Manual Focus Lens
• Built-in Microphone for Audio Monitoring
• Wall or Ceiling Mountable
• +/- 90° Tilt

#SVCVD200 $33.95

CV65
Indoor/Outdoor Surveillance Camera
• 1/3 Color CMOS Image Sensor
• Weather-Resistant Casing
• 15 Built-in Infrared LED's
• Built-in Microphone
• Automatic Day/Night Sensor

#SVCV05 Color $49.95

CV31B
Color Outdoor Surveillance Camera
• 24 Built-in Infrared LEDs Illuminates up to 45° in the Dark
• Weather-Resistant Casing with Anti-Glare Shield
• Record or View on TV, VCR, Computer, and DVR
• 60°of Cable and Mounting Bracket Included

#SVCV31B $89.95

LOREX SG6158
Day/Night Color Camera
• 1/3 CMOS Image Sensor with 330 Lines
• 6 mm f/2.0 Lens Permanently Attached
• Indoor/Outdoor, Day/Night Color Security Camera
• Built-in IR Illuminators that allows the Camera to see up to 15' Away
• Includes: Mounting Bracket, 62' Video Cable, 62' Power Cable, and Power Supply

#LSG6158 $79.95

CVC6993CL/CVC6995CL
Day/Night Color Camera
• 1/4" Advanced CCD Image Sensor
• 12 IR LEDs illumination up to 15 ft (CVC-6993CL)
• 30 IR LEDs illumination up to 40 ft (CVC-6995CL)
• Automatically Switches: Color by day, to B/W at Night
• Built-in 3.6mm Wide Angle Lens
• Excellent low light sensitivity
• Weatherproof Design

#LCCVS6993CL $139.95
#LCCVS6995CL $149.95

CVC6997
Long Range Day/Night IR Camera
• 1 1/4" Advanced CCD Image Sensor w/250k Pixels
• Built-in 3.6mm Wide Angle Lens (CVC-6997)
• 62 IR LEDs illumination up to 75 ft (CVC-6997)
• Built-in 4-9mm Varifocal Lens (CVC-7995)
• 46 IR LEDs illumination up to 60ft (CVC-7995)
• Automatically Switches: Color by day, to B/W at Night
• Weatherproof Design

#LCCVC6997 $174.95
#LCCVC7995 $209.95

Swann SW-C-BDOGC / SW-C-MDNC
Day/Night Outdoor Surveillance Camera
• 12 IR LEDs illumination up to 33 ft (SW-C-BDOGC)
• 24 IR LEDs illumination up to 66 ft (SW-C-MDNC)
• Features the Ability to Monitor Day & Night
• CCD HiRes Image Sensor with 420 TV Lines
• Connects directly to TV or DVR via RCA or BNC
• Robust metal housing for durability

#SWSWCMDC $99.95
#SWSWCMDCN $119.95

SW-C-SNO
Super Night Owl Day/Night Camera
Includes:
• 105 IR LEDs illumination up to 100 ft
• Can See Wide Vision in Total Darkness
• CCD HiRes Image Sensor with 420 TV Lines
• Connects directly to TV or DVR via RCA or BNC
• Robust metal housing for durability

#SWSWCSNO $189.95

JVC TK-C925U/C1530U Day/Night Cameras
• 1/3" CCD with 360k Effective Pixels
• 540TV Lines of Horizontal Resolution
• Super LoLux sensitivity
• 10-bit Digital Signal Processor

TK-C1530U Steps-up with:
• Scene file function
• RS-422/RS-485 Remote Interface

#JVTKC925U $249.95
#JVTKC1530U $379.95

TK-C205VPU Dome Surveillance Day/Night Camera
• 1/4" Color Image Sensor with 380k Pixels
• Vandal-Resistant Rugged Die Cast Aluminum Body
• Built-In Variable 2.6mm~6mm Focal Lens, f1.2~f1.8
• Internal Line Lock, 24 VAC Power Required
• Low-Light Sensitivity: 0.9 lux in color mode and 0.7 lux in B&W mode

#JVTKC205VPU $389.95

Vandal-Proof Day/Night Camera
• 1/3” IT CCD with 500k Effective Pixels
• Built-in 2.5-6.0mm (2.4x) Var-Focal Lens
• Weather-Resistant • Motion Detection System Alert
• Auto DC Iris • 0.3 Lux Low Lux Sensitivity
• 12 VDC or 24 VAC Power Required
#ASVD-4120W  $479.95

Surveillance & Monitoring Cameras

Panasonic, WV-CP480 / 484
Day/Night Video Camera
• 1/3” CCD w/380k Pixels
• Color or B&W with Auto Detection and Auto-Back Focus
• Records a High-Resolution of 540 Lines in Color and 570 Lines in B&W Mode
• Digital Signal Processing with Image Stabilization
• Requires C/CS Mount (optional) Lens
#PAWVCP480  120VAC  $424.95
#PAWVCP484  24 VAC or 12 VDC  $424.95

WV-CP280 / 284
Color Surveillance Camera
• 1/3” CCD w/380k Pixels
• DSP with Adaptive Black Stretch Technology
• Transforms Dark Areas into Bright Images
• Requires CS Mount (optional) Lens
• Advanced Auto-Tracing White Balance
• 0.6 lux at F1.2 Minimum Illumination
#PAWVCP280  120VAC  $149.95
#PAWVCP294  24VAC or 12 VDC Capabilities  $149.95

WV-NP472
Network Day/Night Surveillance Cameras
• 1/3” CCD with 480k Effective Pixels
• Super Dynamic II Digital Signal Processor
• Requires C/CS Mount (optional) Lens
• Built-In Motion Detector
#PAWVN472  $929.95

WV-NW474
Network Day/Night Surveillance Cameras
• Built-In Network Interface
• 1/3” CCD with 480k Color TVL of Resolution
• 2x Variable-Focal Lens
• Super Dynamic II Digital Signal Processor
• Die-Cast Aluminum Body • Digital Motion Detector
• IP and Analog Hybrid Connectivity
#PAWVN474  $974.95
EverFocus EDR-920/1620/1640
MPEG4 Digital DVR Recorders
- Available from 160GB to 500GB
- Includes IR Wireless Remote Control
- Powerful Realtime Management Software
- Designed for Small Retail & Convenience Stores, Small Restaurants
- USB-enabled for video archive

EDVR-4D1/9D1/16D1
MPEG4 Digital DVR Recorders
- Available from 160GB to 1TB
- Includes IR Remote and Software
- Motion Detection and Audio Monitoring

L164-81
4 Channel Digital Video Recorder
- Includes 120GB Hard Drive
- Picture-in-Picture and PTZ Camera Controls
- Record Frame Rate: 120 FPS

DX-109080 / DXR-109160 / DXR-1116080
Network Digital Video Recorders
- Accepts Multiple Cameras, and Displays
- Includes Built-in Hard Drive with Removable
- Includes IR Wireless Remote Control
- Real-Time Recording and Playback
- RS-232C and Alarm- 50-Pin Connectors

MITSUBISHI DX-TL4516 Series
DX-TL4U
4 Ch Digital Video Recorder
- Includes 80GB • 120 Images per Second Capture
- Includes Powerful Remote Management Software
- Designed for Small Retail & Convenience Stores, Small Restaurants
- USB-enabled for video archive

DX-TL5000U Series
16 Ch Advanced Digital Video Recorder
- Includes 120GB Hard Drive
- Includes DX-P55U Software for Monitoring, Playback, and Full Programming

Swann S-DVR-4NU/ DFR-8NU/ DFR-16U NET-PLUS
Digital Video Recorders
- Multi-Camera Remote Monitoring and Recording Capability
- Connects to WAN, LAN or Network
- Motion Detection and Audio Monitoring
- Various Recording Modes
- Network & Web Monitoring via USB
- Includes IR Remote and Software
- Record Frame Rate: 120 FPS
- Includes PTZ Camera Controls

---

**June 2007**
**Bosch**

**LTC2915/91 2917/91**

High-Resolution Color CRT Monitors

- 700-Line resolution
- Delivers the high degree of color accuracy and image sharpness required in CCTV applications
- Under-scan function
- Metal cabinet that minimizes interference
- S-video and 2 BNC loop-through video inputs
- Audio I/O ports with volume control
- NTSC/PAL (auto detect) / 120-230 VAC

$359.95

**ELMO**

**ECM-1003X / 1403X / 2103X**

Color CRT Monitors

- Designed for professional high-quality security/surveillance applications
- Flat-top metal housing with side grab handles
- S-video and composite BNC connection
- Audio I/O with integrated speaker
- ECM-1003X has a RGB input
- NTSC/PAL systems, 110/220V

**Panasonic.**

**WV-CK1420A / WV-CM1420**

13” Color CRT Monitors

- Designed for professional and industrial applications
- 370 TV line resolution
- Built-in speaker for audio monitoring
- White housing (WV-CK1420A)
- WV-CM1420 is rack-mountable (WQ-LM1-10 optional)

**Sanyo**

**VMC-L1015 / 1017 / 1019**

Professional LCD Color Monitors

- High-performance 15”, 17”, & 19” diagonal screens for varying applications
- Bright and vivid picture with 16.7 million colors
- 1024 x 768 display (VMC-L1015)
- 1280 x 1024 display (VMC-L1017/19)
- Wide angle viewing
- VMC-L1015: 120° (H) / 100° (V)
- VMC-L1017: 176° (H) / 176° (V)
- VMC-L1019: 170° (H) / 170° (V)
- Multiple display modes: video, S-video, VGA
- Picture in Picture (PIP) - operates as a computer monitor and video monitor simultaneously
- Four scan types: 1 to 1, under scan, over scan, full scan
- NTSC/PAL with auto detect • Audio I/O

**NEOVO**

**SX-15A / SX-17A / SX-19A**

Professional LCD Color Monitors

- NeoV optical glass offers superb color definition and image sharpness
- NeoV optical glass, hard coated, anti-glare, anti-static screen • 1280 x 1024 SXGA resolution
- Swift 4ms (GTG) response time
- Multiple video inputs: composite video, RGB H/V sync, TMDS digital, VGA and DVI
- Aluminum and magnesium alloy housing
- Desk Arm/Wall mounting flexibility

**Pelco**

**PEPML145 / L147 / L149**

LCD Color Monitors

- Slim design with picture-frame style stand
- Video (BNC, S-video) and computer (VGA, DVI) Inputs
- Picture-in-picture • Built-in speaker
- USB hub • Digital comb filter
- 1024 x 1024 resolution
- 500:1 contrast ratio • NTSC/PAL

**Swann**
