INTRODUCTION

Thank you for choosing Genaray.

Congratulations on the purchase of your Genaray SP-SD Remote Dimmer. This flicker-free wired dimmer allows you to control the light output between 10 and 100 percent. If you need to adjust

the intensity of the light, but the fixture is on top of a tall light stand, or your camera is stationed on the other side of the set, all you need to do is plug in the remote and adjust the dimmer control knob. When the wired dimmer is plugged into the appropriate

socket, the on-board dimmer control will not function – only the external dimmer will be able to control the dimming.

Note: The Genaray SP-SD Remote Dimmer is proprietary to the Genaray SpectroLED fixtures.

LIMITED ONE-YEAR WARRANTY

Genaray provides a limited warranty that this product is free from defects in materials and workmanship to the original purchaser under normal use for a period of one (1) year from the original purchase date or thirty (30) days after replacement (the “Warranty Period”), whichever occurs later. Our responsibility with respect to this limited warranty shall be limited solely to repair or replacement, at its option, of any product which fails during normal consumer use.

To obtain warranty coverage during the Warranty Period, contact your place of purchase (“Seller”) to obtain a return merchandise authorization (“RMA”) number, and return to Seller the defective product along with proof of purchase and the RMA number.

This warranty does not extend to damage or failure which results from misuse, neglect, accident, alteration, abuse, improper installation or maintenance. EXCEPT AS PROVIDED HEREIN, GENARAY MAKES NEITHER ANY EXPRESS WARRANTIES NOR ANY IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. This warranty provides you with specific legal rights, and you may also have additional rights which vary from state to state.
