REVELATION™ UPSCALER, DISPLAYS ALL CONTENT TO NEAR 4K ULTRA HD QUALITY, TO GIVE YOU AN AMAZING PICTURE.

4K ULTRA HD STREAMING FROM SOURCES INCLUDING NETFLIX® AND YOUTUBE®¹

AQUOMOTION™ 480 DELIVERS PRECISION CLARITY DURING FAST MOTION SCENES

AQUODIMMING™ TECHNOLOGY FOR ENHANCED CONTRAST AND DETAIL

ANDROID TV™

SMARTCENTRAL™

A SMART CHOICE: AQUOS 4K ULTRA HD

By combining 4K Ultra HD resolution—at four times the pixel resolution of Full HD, with Sharp's Revelation™ Upscaler, displays all content to near 4K Ultra HD quality, to give you an amazing picture. The Sharp AQUOS® UE30 series provide an amazing picture, all the time.

The AQUOS UE30 with Android TV allows you to watch a movie, listen to radio or queue up your favorite jam with Google Play™ and your favorite apps. Android TV brings great content to you, so you can spend less time browsing, and more time watching. The AQUOS UE30 is Google Cast™ ready, so you can cast your favorite entertainment from your personal device on to your Sharp television.

This series will also include SmartCentral™, which enables consumers to browse and search cable, satellite and streaming services from a single screen.

The UE30 line utilizes unique picture technologies, like AquoMotion™ 480 to reduce motion blur in fast action scenes, and AquoDimming™, which controls each pixel to reveal detail in dark areas. 4K UHD content is readily accessible from streaming services (HEVC/h.265; VP9) and all of the HDMI® inputs have the latest 4K UHD specs for easy device connectivity. The UE30 series in 80" (80" diag) class offers the option to attach the stand at the corners of the screen or closer together to best complement your furniture.

¹ Additional fees and/or subscriptions may apply. Not all services available in all areas.
