

# Surface 3

The tablet that can  
replace your laptop

---

# What makes Surface 3 the tablet that can replace your laptop?

## The Best of a Tablet

- Ultra-thin, ultra-light, ultra-durable
- Up to 10 hours of video playback
- Watch videos hands-free with a 3-position Kickstand

## Works like a Laptop

- Intel processor so you can run all of your favorite Windows desktop software
- Be productive anywhere with a removable keyboard and 3-position Kickstand
- Connect to your devices with powerful ports including USB 3.0

## Runs Windows & Office

- Works with old and new devices – like smartphones, cameras, printers – more than any other OS
- Install millions of desktop apps
- For a limited time\*, one year of Microsoft comes included – a \$69.99 value – with full versions of Excel, Word, PowerPoint, OneNote, and Outlook, plus OneDrive cloud storage.
- Use it however you want – with the Surface Pen, with touch, or with a mouse and keyboard

## Great Pen Experience

- The optional Surface Pen feels and works just like a real pen, and now comes in 2 vibrant colors
- One click opens OneNote, even when Surface 3 is locked or asleep
- Palm block technology lets you rest your hand on the screen, and you can apply natural pressure for thicker ink

## How does Surface 3 beat iPad Air 2?

iPad Air 2 is a tablet. Surface 3 gives you all the benefits of a tablet and it works like a laptop and offers a great pen experience.

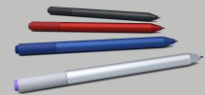

- Unlike iPad Air 2, **Surface 3 works with all of your favorite devices** like printers, smartphones, and cameras.
- You can install millions of desktop apps and hundreds of thousands of touch-first apps on Surface 3. That's over **4x the number of apps in the iOS App Store!**
- Surface 3 is **great for note taking with the optional Surface Pen.** Writing is as natural as pen on paper.
- The removable keyboard cover includes a touchpad and **provides an experience that's just like a laptop.**
