BH-VDH-BR

Single Varidrive Hook
with Baby Receiver
(Pair)

INSTRUCTIONS

Introduction

Thank you for choosing Impact.

Impact's set of two background hooks with baby receivers are ideal for mounting an Impact Varidrive set and background paper roll onto two light stands. The 45° slot also allows you to use baby-pin wall plates to hang your backgrounds. Solid steel construction will securely hold the weight of a 140° × 100° paper roll.

Precautions

- Please read and follow these instructions, and keep this manual in a safe place.
- Clean this product with only a soft, dry cloth.
- All images are for illustrative purposes only.

Setup

Mounting to a Light Stand

1. Loosen the locking knob and place the baby receiver completely over the baby pin.

2. Tighten the locking knob until secure.

The 45° slot angle is compatible with baby pin wall plates.

Attaching a Varidrive

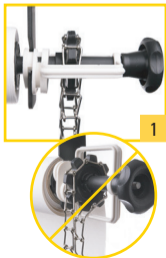

Before you start:

Make sure the light stands can support the weight of the paper roll.

For security, placing sandbags over the light stands' legs is recommended.

Follow instructions in the Varidrive manual to assemble and attach the Varidrive into the paper roll's core.

1. Mount the chain-drive side of the paper roll assembly onto the corresponding hook. Be sure to mount it on the correct channel of the chain guard, or the chain will hang over the sides of the chain guard.

2. Mount the other side of your paper roll assembly onto the corresponding hook. You can adjust the position of the expansion core's channel by loosening the tension knob and rotating and sliding the channel assembly.
