DETAILS

CARE AND MAINTENANCE

- To clean, use a damp cloth to wipe the surface gently. Do not use chemicals or corrosive products, and do not immerse in water. A soft brush can be used to remove any loose dirt.
- Do not drop or bend.
- Do not immerse in water or any other liquid.
- Do not use or store near fire or heat sources.
- Do not disassemble.
- Do not connect more than 2 solar panels in series or parallel connections.

FREQUENTLY ASKED QUESTIONS

1. Which Portable Power Stations are compatible with my M-Solar Panel?
The Duracell M-Solar Panel is compatible with all M-Series Portable Charging Hubs. USB-C to USB-C cable (included) can be used.
2. How do I get the most power out of my M-Solar Panel?
For best results, use it on bright, sunny days with a clear sky. Continuously realign your solar panel so that it is pointing directly at the sun. Keep the solar panel's surface clean. Avoid scratches on the solar panel surface.
3. Is my M-Solar Panel waterproof?
The M-Solar Panel can withstand water splashes and light rain when set up with the cell surface up. Backside fabrics are not waterproof and contact with water should be avoided. Do not leave your solar panel in the rain. Do not immerse your solar panel in water.

LIMITED WARRANTY INFORMATION

Duracell provides a limited warranty that covers defects in materials and workmanship for the Duracell Portable Power Stations, Portable Charging Hubs, and Solar Panels (“Products”) under normal use for a period of two (2) years from the date of purchase by the original end-user when any of the Products are purchased from an authorized seller that is located within the United States and any of the Products are used within the United States. Keep a copy of your purchase receipt as proof of purchase. The limited warranty of any of the Products is limited only to the units of the Products when used in accordance with the operating instructions and the system environment. This limited warranty does not cover: (1) damaged caused by accident, abuse, misuse, or external causes; (2) damage caused by unauthorized servicing of any of the Products; or (3) normal wear and tear. Duracell’s liability under this warranty is limited to the replacement or repair of the Product.

The original end-user acknowledges and agrees that:

- Duracell is not liable for damage or loss resulting from the use of any Products or for any claim from a third party.
- Duracell is not liable for problems with any electronic devices or home appliances or any other hardware arising from the use of any Products, the suitability of any of the Products for specific hardware, software, or peripherals, operating conflicts with other installed software, data loss, or other accidental or unavoidable damages.
- Duracell is not liable for incidental, consequential, indirect, or financial damages, lost products, or claims from third parties resulting from the use of any of the Products.

How to obtain warranty assistance: Contact Duracell Consumer Relations at 1.800.551.2355. Provide the purchase receipt for the Product.

SPECIFICATIONS

MODEL	GSC-36
Rated Power	36W
Cell Efficiency	≥22%
Max Power Voltage	14.2V
Max Power Current	2.5A
Open Circuit Voltage	17.16V
Short Circuit Current	2.7A
Operating Temperature Range	-10°C to 65 °C (14°F to 149 °F)

All technical data at standard test conditions: AM=1.5, E=1000W/m², Tc=25 °C at 200ms exposure of Flash Test, with fresh product.
