

Ruggard®

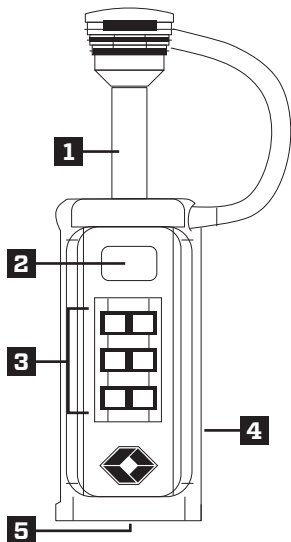

TKB-S3CB

3-Dial Hard Case Combination TSA Accepted Lock (Black)

- Three-digit combination lock
- Accommodates hardcase locking eyelets
- Noncorroding stainless steel clasp
- Silicone covering with tether
- TSA key access

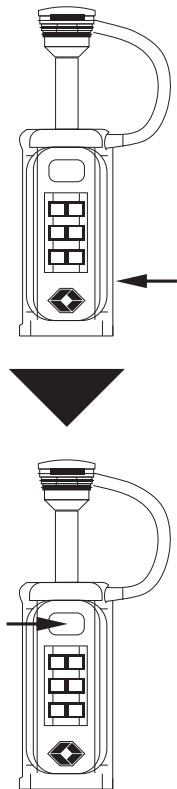

Using this Travel Sentry® Approved lock allows your luggage to be opened, inspected, and relocked by security authorities without damage.

1. Lock pin
2. Release button
3. Dials
4. Reset button
5. TSA key

The lock's default combination is 000. For security reasons, please change the combination code before use.

1. Set the lock in the locked position, and push in the reset button with a small, pointed object, like a pen.
2. Set the code by rotating the dials, for example, 8-8-8.
3. Press the release button to set the new combination code. The reset button will pop out, and you can remove the lock pin from the safety clasp. To lock, insert the pin and scramble the number dials.
