⑥ 1/4" thread

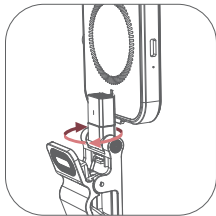

⑦ Magnetic ring

⑧ USB Type C charging port

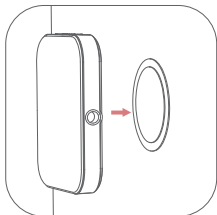

Instructions

1. Following the image as a guide, slide the light clip into the back slot of the light.

2. Tilt the position of the light as required.

3. For non-magnetic surfaces, apply the metal ring first, then attach the back of the light to it.

Battery Safety Alerts

1. Do not attempt to disassemble, modify, or repair the built-in battery. Any modification may cause the battery to leak, overheat, catch fire, or explode.
2. Always charge the battery with the original or certified charger to prevent overcharging, short circuits, and other risks.
3. If you notice an unusual charging rate and indicator status, please stop charging the battery immediately and contact our customer service.
4. Keep the product away from inflammable and explosive items.

Specifications

Materials	ABS+PC/silicone/steel/iron/aluminum/N52 magnets
Rated Power	2.5W
Battery Capacity	3.7V 1000mAh
Number of LEDs	48
Color Rendering Index	95
Net Weight	2.8oz±0.2oz/80g±5g
Color Temperature	3000K-6500K
Maximum Illuminance	260lux/0.5m
Dimensions	3.3"×2.7"×0.5"/84.5×68.5×13.8mm

Notes

1. Do not allow the product to fall to the ground, be bumped or subject to strong physical impact.
2. Do not look directly into the light when using the product, as looking directly into the light may cause visual impairment.
3. Do not place the product near flammable or explosive materials.
4. Do not use the product in rainy or humid environment.
5. When not in use, please turn off the power.
6. If the product is not used for a long time, it should be placed in a ventilated, dry place away from heat sources and magnetic fields.
7. Do not heat, disassemble, puncture, or destroy the device or battery, or throw them into the fire. Do not subject the device to prolonged exposure to direct sunlight or prolonged charging. This may cause the battery to be damaged or possibly melt.
