

# VlogScreen Product Description

Magnetic Selfie Screen

## Strong Magnetic Suction

The strong magnetic Magasafe has a silicone-fitted design on the outside. It adheres more stably and won't harm the phone. The feel is warm and comfortable. The precise adsorption makes it more convenient to take selfies with the rear camera.

## Function Introduction

### Power switch:

Turn the switch to turn on or off the machine

### Charging indicator light:

Red light stays on when charging, red light goes off when full

### Screen rotation button:

After power-on, search for AB Shutter2 with your mobile phone, connect AB Shutter2, monitor host photo/recording button, which can be used as a remote control to take photos/record videos quickly

### Screen rotation button:

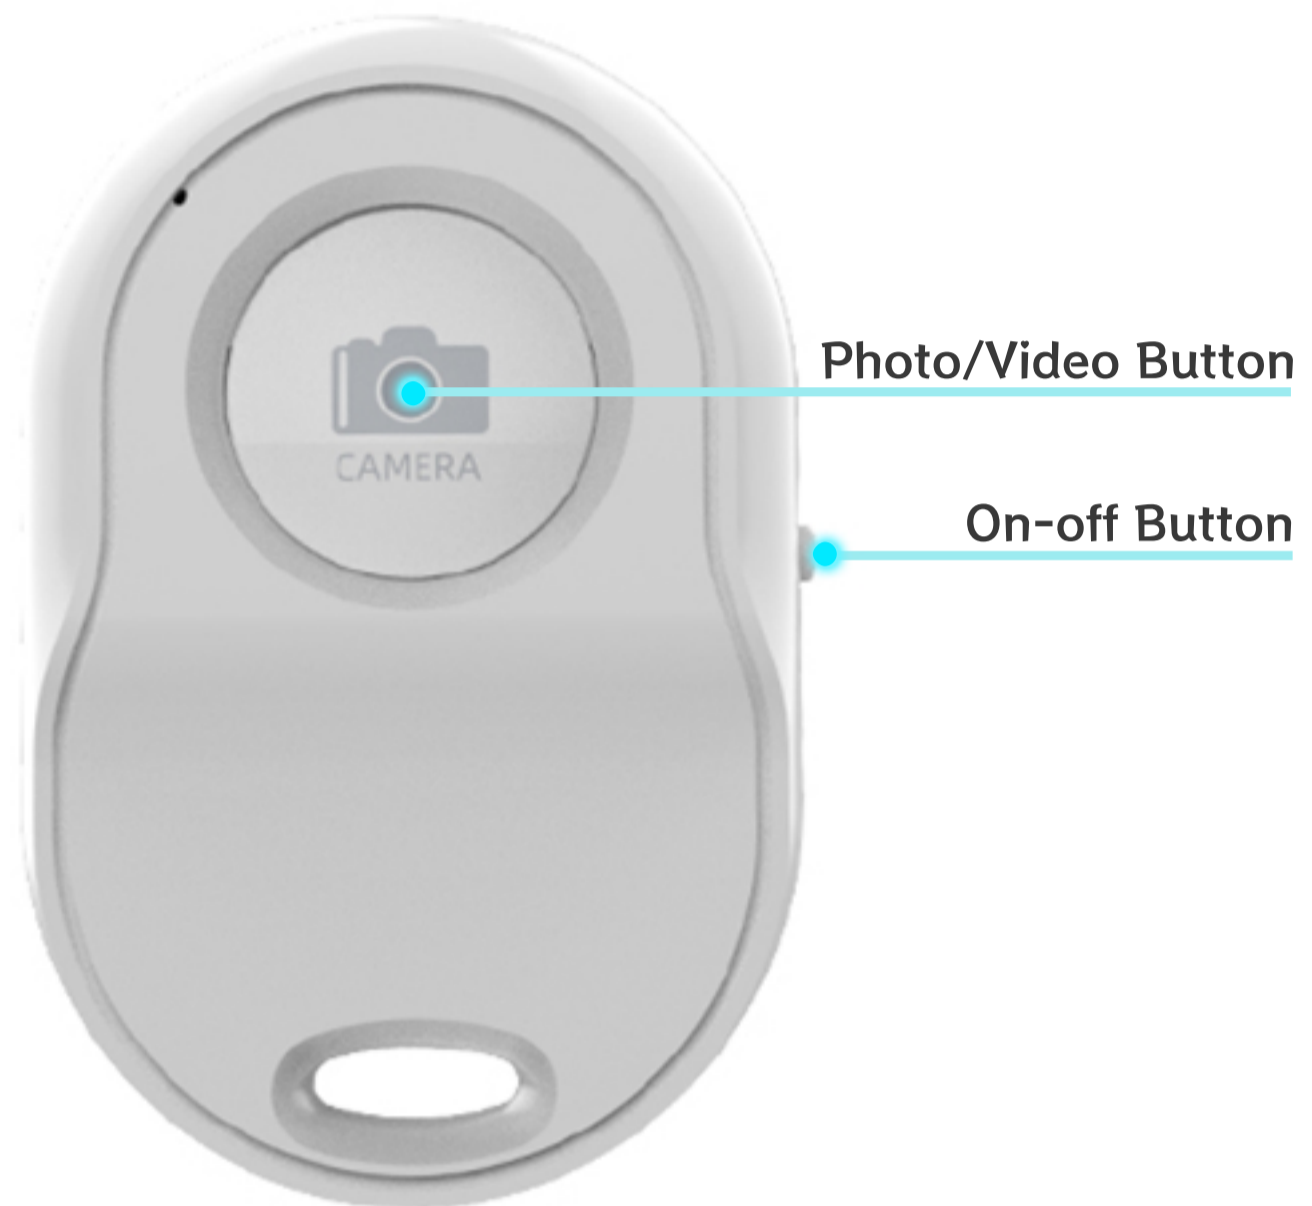

The screen can be rotated 180°, long press for 3 seconds to mirror the display

### Display scale button:

Switchable full screen mode and switchable 1:1 mode

**Note:** Try to charge it in the off state

## Remote Control Diagram

### Connection Step:

Turn on the power, search for AB Shutter3, connect AB Shutter3, complete the pairing of the mobile phone with the remote control, and can be used as a remote control to shoot/record.

# Usage Scenario

## Mobile Phone Connection Steps

### Step 1:

Swipe down from the top right corner of your phone screen to open the shortcut menu bar.

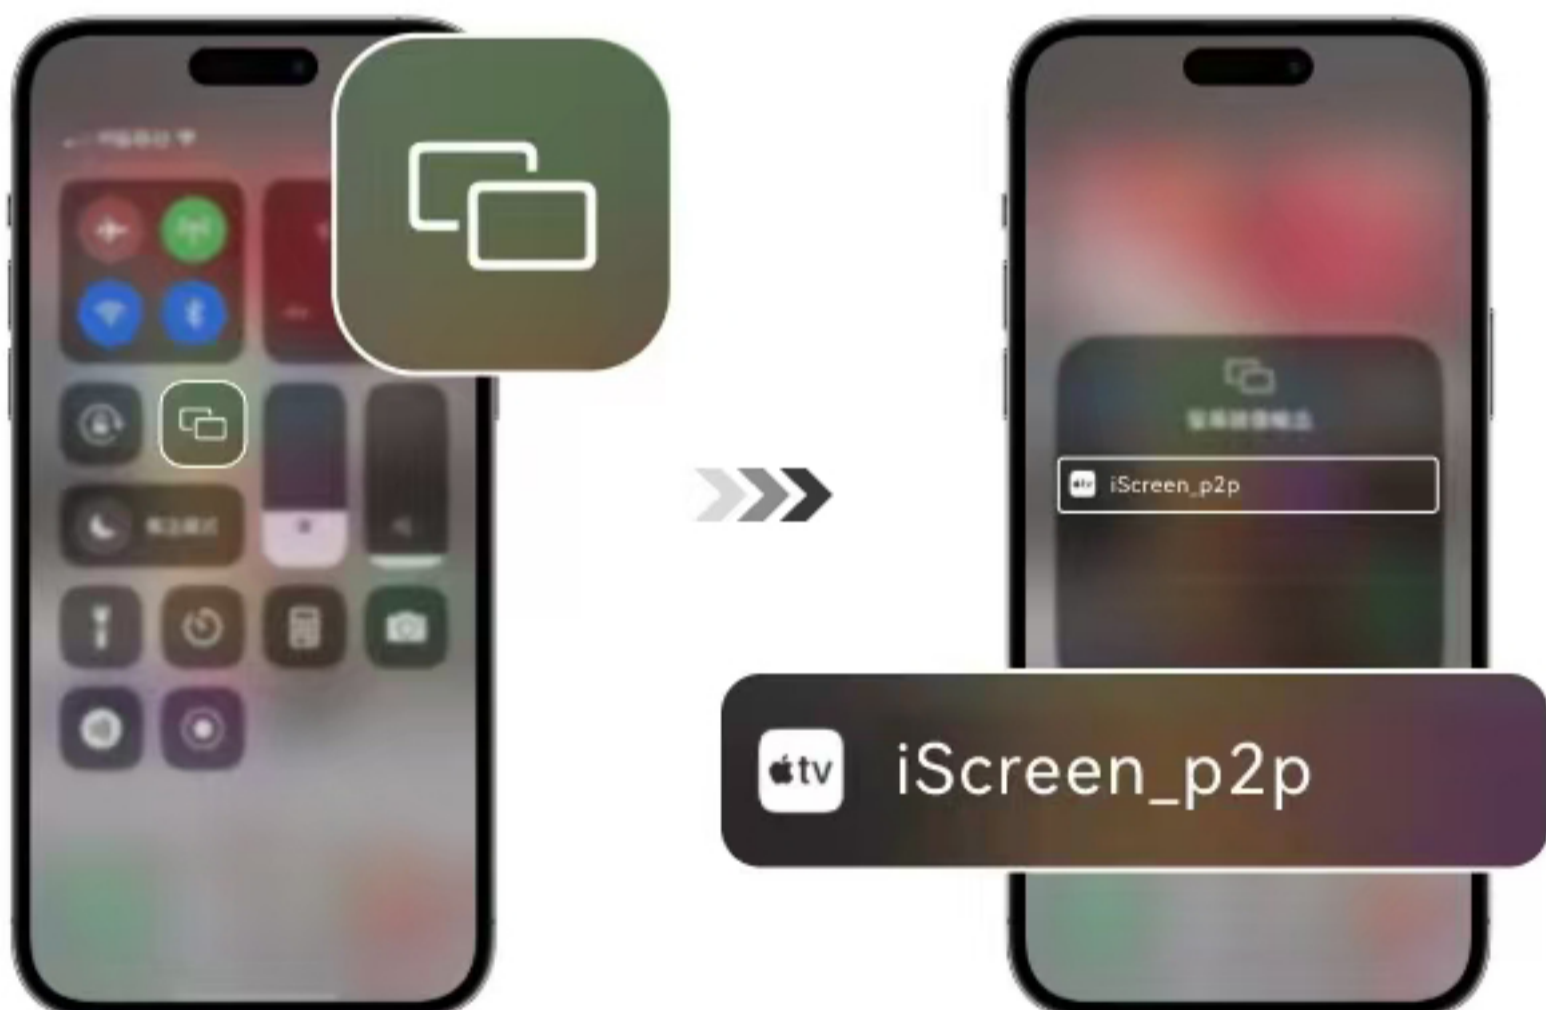

### Step 2:

Find your phone's screen casting function( 'Screen Mirroring  ' for Apple phones and 'Wireless Screen Casting  ' for Android phones) and click to open it. Or go to Settings>More Connections>Screen Throw.

### Step 3:

Find 'iScreen\_p2p' in the list of searching devices, click to connect the device.

**(The first time you connect, you need to enter the verification code '1234' )**
