Dimensions:

Hostess Tray Kit Setup

Hostess Trays Assembly

- Attach both trays (Big cheese tray & Extension tray) properly.

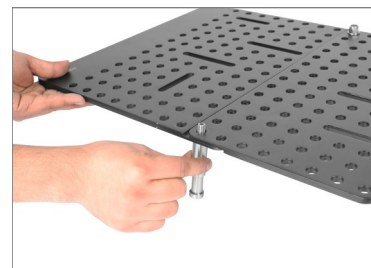

5/8" Baby Pin Mounting

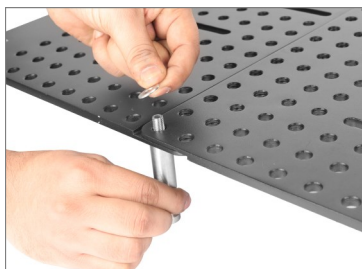

- Now loosen the nut and washer from (5/8") baby pin.

- Now insert the baby pin into the trays by matching their holes.

- Then insert the washer and nut.

- Then tighten it with the help of 13mm Spanner.
- Repeat same process to insert the 5/8" Baby Pin on another side.

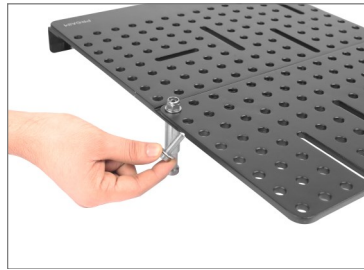

Hex Bolts (8x25mm) Mounting

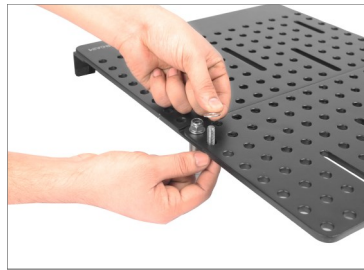

- Now remove nut And washer from Hex Bolt.

- Now insert the Hex Nut into the trays by matching their holes.

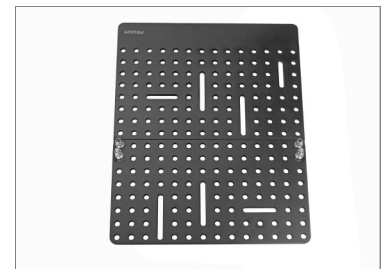

- Then insert the washer and nut.

- Then tighten it with the help of 13mm Spanner.

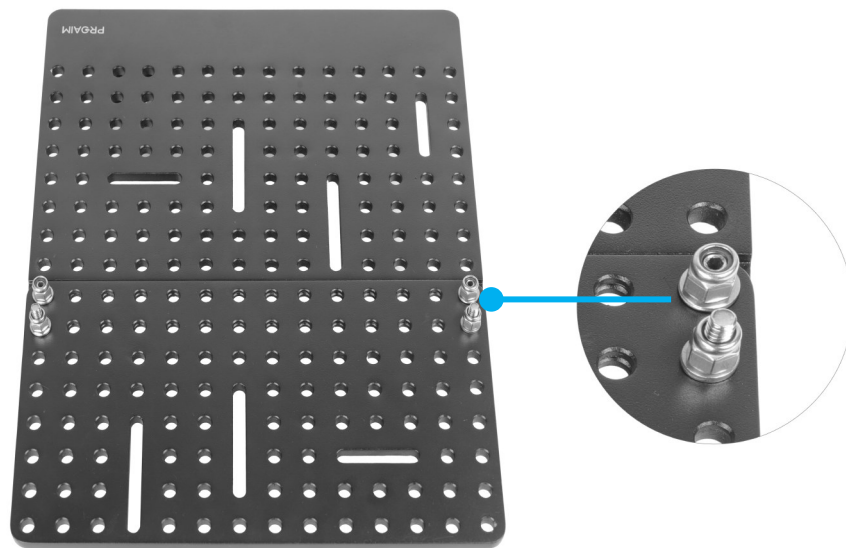

- Now both trays are properly attached.
- Repeat same process to insert the Hex bolt on another side.

Secure Attachment for Rigging Components

2 x Bolts, 5/8" Pins with Nuts and Washers

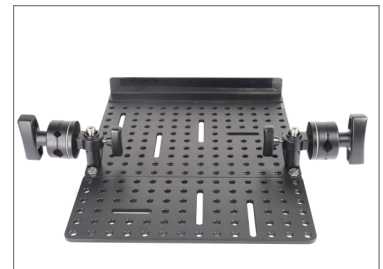

Grip Head Mounting

- Loosen the knob of grip head mounting.
- Then mount it on 5/8" Baby pin.

- After mounting the grip Head Re-tighten the knob.
- Repeat same process to insert another grip head.

Connecting Male and Female Rods

- Connect the Male and Female Rods together.

NOTE: Join the number of rods according to your convenience and setup requirements.

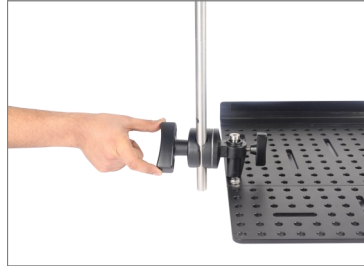

Male & Female Rods Mounting

- Now Loosen the knob of the grip Head the insert the rod into the clamp.

- After mounting the rod re-tighten the knob.
- Insert other rod into another clamp by same process.

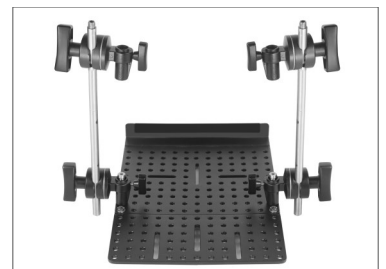

Grip Head Mounting

- Loosen the knob of the Grip head.
- Then slide the grip head into the rod.

- Now re-tighten the knob.
- Repeat same process for attaching other grip head.

6" Suction Cups Mounting

- Loosen the knob of the grip head.
- Then insert the 6" Suction Cup into it.

- After inserting the 6" Suction Cup re-tighten the knob.
- Now remove dust covers from it.

- Repeat same process to insert other Suction Cup to other side.

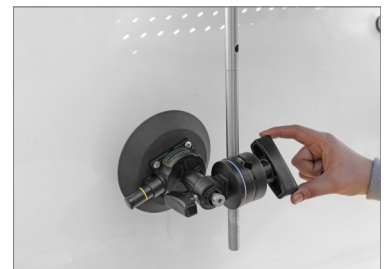

Mounting the Hostess Tray on a Car

- Now attach the hostess tray to the car securely.

- Place your suction grippers at the desired point on your car.
- Now adjust the rod position according to your convenience by loosening the knobs.

- Press the suction Grippers and keep pushing the pump to firmly fix it onto the car surface.
- Repeat this process for other suction cups.

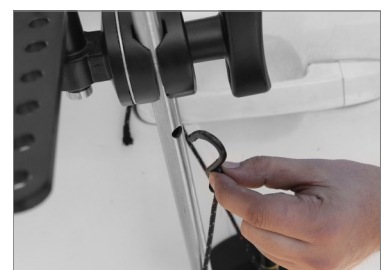

Stable Grip on Smooth Surfaces! Two 6" Suction Cups with 5/8" Baby Pins

Securing with Ratchet Rope

- Attach one end of the ratchet rope to the tray.
- Then wrap the ratchet rope around the suction cup and grip head for a more secure setup.
- Connect the other end of the ratchet rope to the Rode's hole for better attachment, as shown in the image.

Feature: Your safety is our priority. The kit includes a safety wire with a hook setup to secure camera units firmly. This ensures stability even on bumpy roads, with hooks attached to tray holes and suction cups for a secure hold.

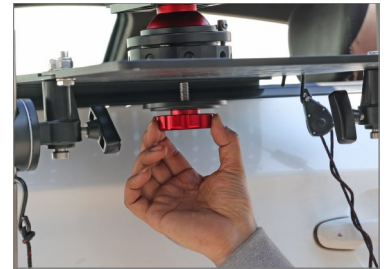

Support Levelling Base Mounting

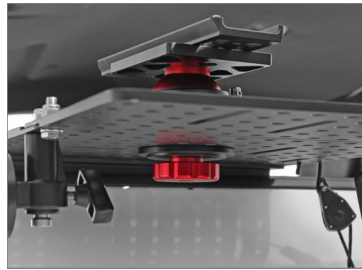

- Loosen the Mitchell knob of the support levelling base (**Not Included**) and remove it.

- Now mount the levelling base on cheese plate.
- Then insert the Mitchell knob from bottom side and tighten it.

- The support levelling base is properly mounted.

Camera Mounting

- Slide the camera (**Not Included**) on Camera plate and lock it properly.

- Now your setup is ready to use.

YOUR PROAIM HOSTESS TRAY KIT– CAR MOUNT CAMERA RIGGING ALL DRESSED UP AND READY TO GO!
