STEP 5

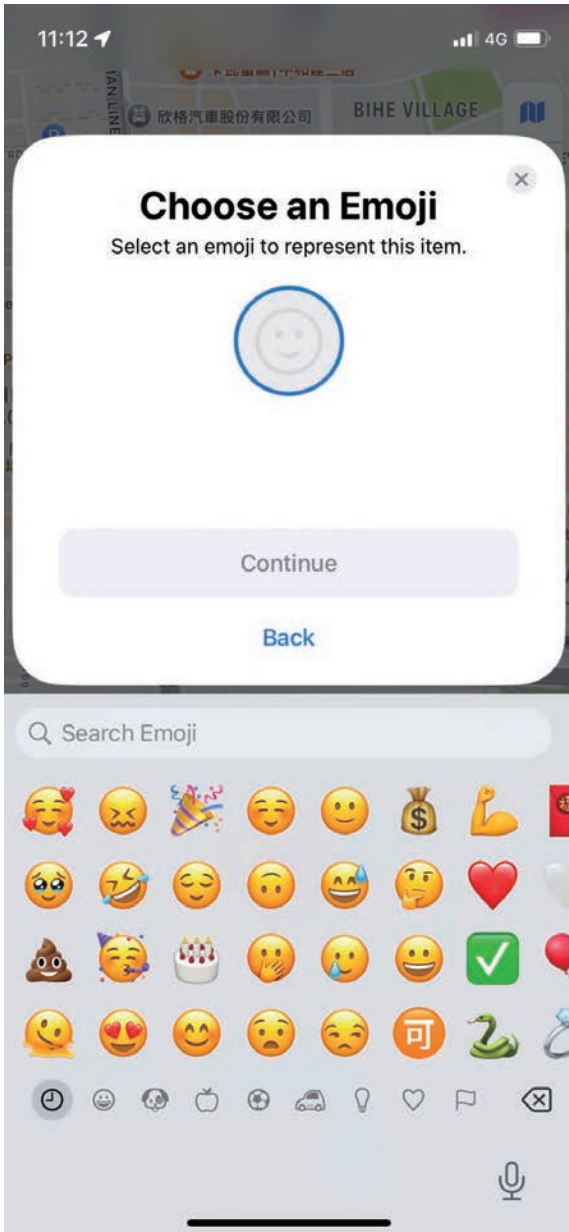

When the item is found, press "Connect" on the Discover Locator banner.

STEP 6

Then, name your item to continue the process.

STEP 7

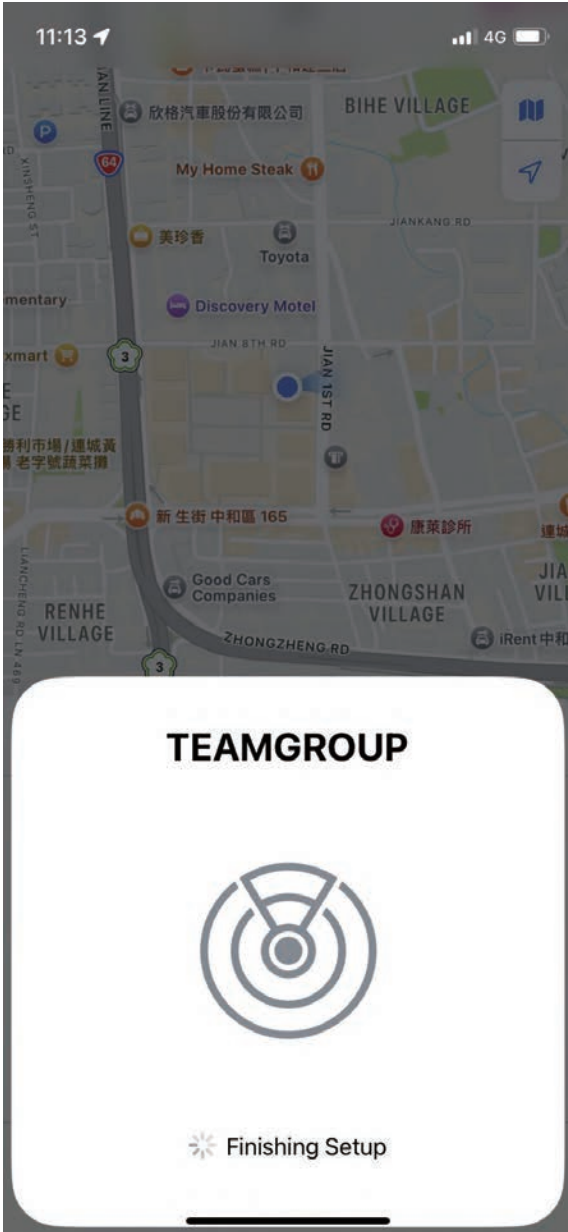

Select an emoji to represent this item.

STEP 8

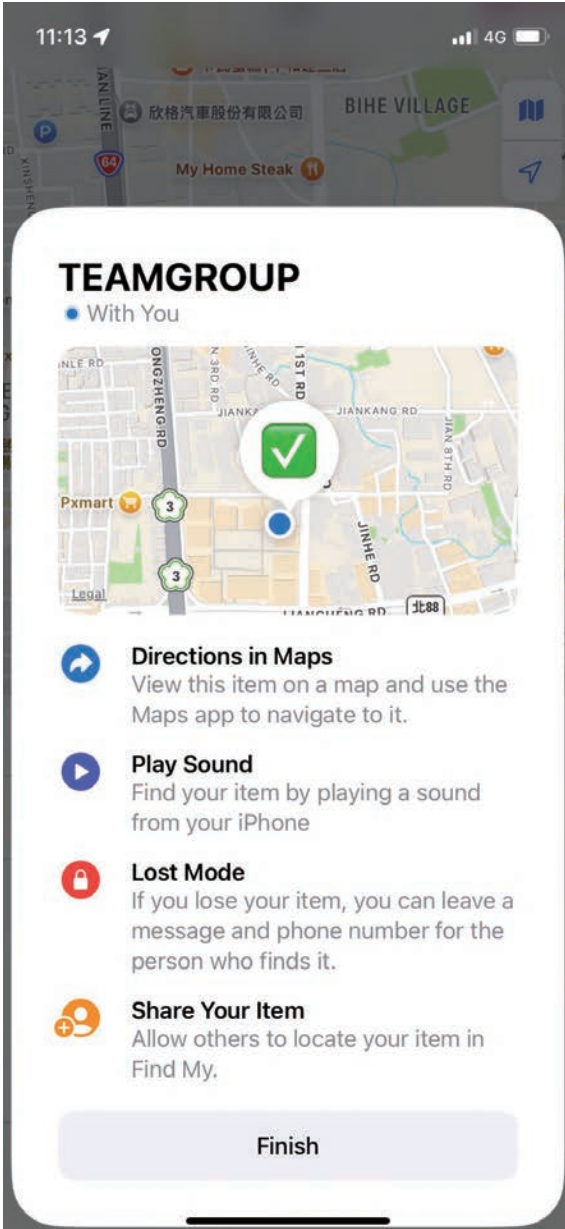

This item is successfully linked to your device and account.

STEP 9

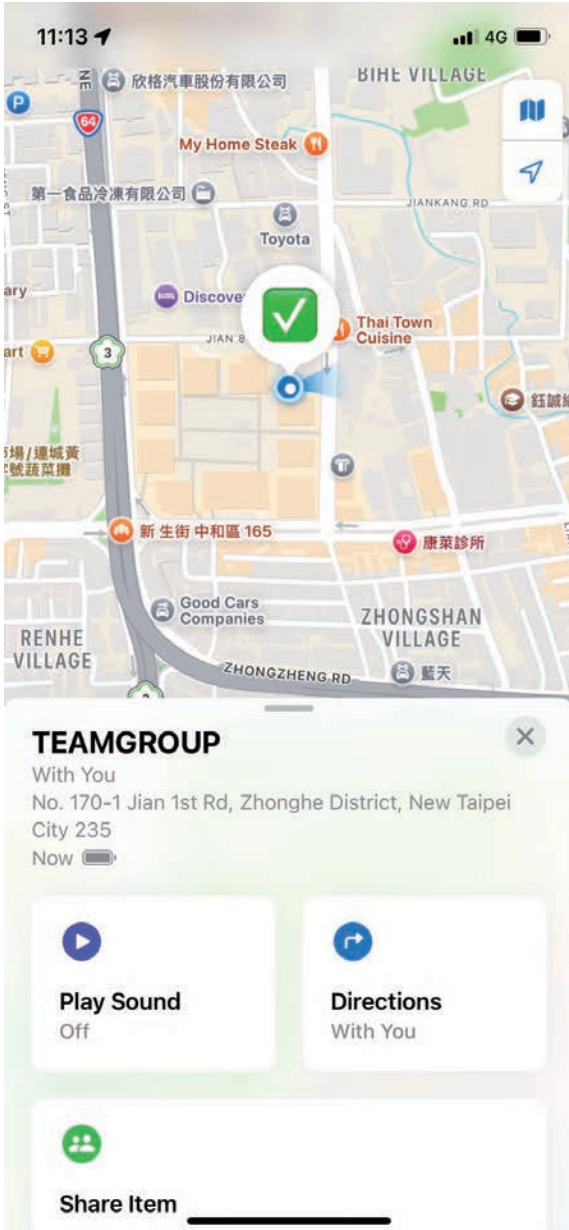

Wait for finishing setup.

STEP 10

Now, you can locate the item on your phone via "Find My" app.

STEP 11

T-CREATE EXPERT P34F
Find My External SSD is ready.

NOTES & WARNINGS

- [1] Actual capacity is calculated as 1 GB = 1,000,000,000 bytes. Displayed capacity on operating systems will display as 1,000,000,000 Bytes/1024/1024/1024=0.93GB.
- [2] Transfer speeds may vary depending on hardware and software configurations. Data is for reference only.
- [3] Speeds will adjust to USB 3.2 Gen2 x1 specifications when used with Thunderbolt interfaces due to protocol differences.
- [4] Tracking functionality requires the button cell battery to be installed. Under normal use, the included battery can last up to one year.
- [5] Warranty details for included accessories (cable and button cell battery) are available at: <https://support.teamgroupinc.com/tw/support/warranty.php>
- [6] Keep button cell batteries out of reach of children to prevent accidental ingestion.

⚠ WARNING	
<ul style="list-style-type: none"> INGESTION HAZARD: This product contains a button cell or coin battery. DEATH or serious injury can occur if ingested. A swallowed button cell or coin battery can cause Internal Chemical Burns in as little as 2 hours. KEEP new and used batteries OUT OF REACH OF CHILDREN Seek immediate medical attention if a battery is suspected to be swallowed or inserted inside any part of the body. 	
Battery Type CR2032 (included) Nominal voltage DC 3V	

9.1 :

- a) The statement "Remove and immediately recycle or dispose of used batteries according to local regulations and keep away from children. Do NOT dispose of batteries in household trash or incinerate."
- b) The statement "Even used batteries may cause severe injury or death."
- c) The statement "Call a local poison control center for treatment information."
- d) A statement indicating the compatible battery type (e.g., LR44, CR2032).
- e) A statement indicating the nominal battery voltage.
- f) The statement "Non-rechargeable batteries are not to be recharged."
- g) The statement "Do not force discharge, recharge, disassemble, heat above (manufacturer's specified temperature rating) or incinerate. Doing so may result in injury due to venting, leakage or explosion resulting in chemical burns."

9.2 :

- a) The statement "Ensure the batteries are installed correctly according to polarity (+ and -)."
- b) The statement "Do not mix old and new batteries, different brands or types of batteries, such as alkaline, carbon-zinc, or rechargeable batteries."
- c) The statement "Remove and immediately recycle or dispose of batteries from equipment not used for an extended period of time according to local regulations."
- d) The statement "Always completely secure the battery compartment. If the battery compartment does not close securely, stop using the product, remove the batteries, and keep them away from children."
