

USER MANUAL

STEP 1: Grab a set of the poles connected by a string.

STEP 2: Assemble the poles together along the string.

The assembled poles should make a U-shaped frame.

STEP 3: Locate the sleeves on each side of the scrim you would like to use.

Pay close attention to the scrim's corner and in particular the rounded corners.

Fig. 1

STEP 4: Starting on the rounded corner's end of the scrim, slide the frame inside one of the sleeves as shown in Fig. 1.

Do not fully slide the frame into the sleeve.

STEP 5: Repeat **STEP 4** with the other end of the frame and slide it into the other sleeve.

Do not fully slide the frame into the sleeve.

Fig. 2

STEP 6: At the same time, slide both ends of the frame completely inside the sleeves as shown in Fig. 2.

STEP 7: Wrap the straps at the end of the scrim around the frame and secure the scrim to the frame.

Your assembly should now look like Fig. 3.

Fig. 3

USER MANUAL

STEP 8: Insert one end of the assembly from **STEP 7** into the base as shown in Fig. 4.

NOTE: the stand and connector shown in Fig 4. are not included with our product.

STEP 9: Insert the other end of the frame into the other side of the base.

STEP 10: Wrap the straps around the base to secure the assembly to the base.

Fig. 4

The final assembly should look like Fig. 5 and Fig. 6.
