

LED-200P

Mobile LED Light Set

User Manual

Thank you for choosing Xuma.

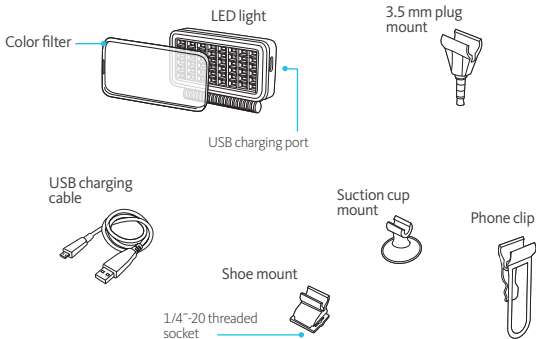

The LED-200P is a compact, durable, and versatile LED light set that is as useful at home as it is on the go. A variety of attachment options makes this a dependable accessory for travelers, smartphone photographers, or anyone who needs to illuminate their surroundings.

The LED-200P is comprised of 48 LEDs capable of providing 46 lumens of evenly distributed light. Using only 2 watts of power, the light is capable of up to four hours of operation and is easily recharged by connecting to any powered USB port with the included cable. High, low, and flash settings are available, and if a warmer light is preferred, a colored filter is included.

Precautions

1. Please read and follow these instructions, and keep this manual in a safe place.
2. Do not stare directly at the lights when they are powered on.
3. Make sure that this product is intact and that there are no missing parts.
4. Do not use in humid or wet environments.
5. Clean this product with only a soft, dry cloth.
6. All photos are for illustrative purposes only.

Product Overview

SPECIFICATIONS

Bulb life	50,000 h.	Dimensions (H × W × D)	1.57" × 2.56" × 0.51" (4 × 6.5 × 1.3 cm)

Turning on the LED

1. Press the power button on the rear of the light once for high setting, twice for low setting, and three times for flash setting.
2. If a warmer light is desired, place the colored filter over the LED display.

Mounting the LED

Laptop or smartphone

Slide the 3.5 mm plug mount onto the mounting rail and plug it into the headphone jack of the computer or smartphone.

Plugging the mount into a 3.5 mm plug will not charge the light. It will also not affect the operation of the computer or smartphone.

If the headphone jack is on the bottom of the phone, use the included phone clip. Slide the clip onto the LED's mounting rail. Then slide the clip over the top of your phone with the open side to the screen.

Camera or Boompole

1. Slide the shoe mount onto the mounting rail. The mounting foot will slide into the shoe mount of a DSLR camera or camcorder.
2. For boompole mounting align the 1/4"-20 threaded socket on the bottom of the shoe mount with the mounting stud of a boompole and screw it in until it is firmly attached.

Desktop or Wall

1. Slide the suction cup mount onto the mounting rails.
2. Press the suction cup firmly against the surface where you want to mount the light.

Charging the battery

Attach the light to a powered USB port. The LED indicator will glow red, indicating that the battery is charging. The indicator will change to green once the battery is charged.

ONE-YEAR LIMITED WARRANTY

This Xuma product is warranted to the original purchaser to be free from defects in materials and workmanship under normal consumer use for a period of one (1) year from the original purchase date or thirty (30) days after replacement, whichever occurs later. The warranty provider's responsibility with respect to this limited warranty shall be limited solely to repair or replacement, at the provider's discretion, of any product that fails during normal use of this product in its intended manner and in its intended environment. Inoperability of the product or part(s) shall be determined by the warranty provider. If the product has been discontinued, the warranty provider reserves the right to replace it with a model of equivalent quality and function.

This warranty does not cover damage or defect caused by misuse, neglect, accident, alteration, abuse, improper installation or maintenance. EXCEPT AS PROVIDED HEREIN, THE WARRANTY PROVIDER MAKES NEITHER ANY EXPRESS WARRANTIES NOR ANY IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. This warranty provides you with specific legal rights, and you may also have additional rights that vary from state to state.

To obtain warranty coverage, contact the Xuma Customer Service Department to obtain a return merchandise authorization ("RMA") number, and return the defective product to Xuma along with the RMA number and proof of purchase. Shipment of the defective product is at the purchaser's own risk and expense.

For more information or to arrange service, visit www.xumausa.com or call Customer Service at 212-594-2353.
