

6 ft DisplayPort to DVI Cable - M/M

StarTech ID: DP2DVI2MM6

The DP2DVI2MM6 6 ft DisplayPort® to DVI Adapter Cable lets you connect a DVI Display or Projector to a DisplayPort video card/source. Providing a connection distance of 6ft, the cable features male DVI and DisplayPort connectors, allowing you to make a direct video card-to-display connection, as opposed to having to use an adapter with a separate cable.

The DP to DVI cable is a convenient, cost-effective solution for taking full advantage of your DVI display, without the expense of upgrading to a DisplayPort monitor. The cable offers high quality construction and supports high bandwidth video resolutions up to 1920x1200 or HDTV resolutions up to 1080p.

DP2DVI2MM6 is a passive adapter that requires a DP++ port (DisplayPort++), meaning that DVI and HDMI signals can also be passed through the port. Backed by a StarTech.com 2-year warranty and free lifetime technical support.

Applications

- Connect a DisplayPort video source directly to any DVI-D (digital) display with no additional adapters required
- Re-purpose an existing DVI display for use with a new DisplayPort-equipped computer, or as a secondary display
- Ideal for digital entertainment centers, home offices, business conference rooms and trade show displays

Features

- Supports resolutions up to 1920x1200 (WUXGA) and HDTV resolutions up to 1080p
- No software or additional drivers required
- All-in-one cable design
- Latching DisplayPort connector port
