

VE-TTLHX32

Hexoval Softbox 32"

for Venture TTL 600 Ws Monolight

INSTRUCTIONS

Introduction

Thank you for choosing Impact.

The Impact VE-TTLHX32 is a 32" hexoval softbox for the Venture TTL monolight. The textured silver interior delivers high-contrast light, and the included translucent white interior diffuser and diffuser cover offer control over the level of contrast. Its hexoval design enables photographers to control spillover while containing the light source so that the subject and background are easily separated.

This softbox is ideal for the photographer on the go or on location. A permanent attachment ring and preinstalled tension rods save time for setup and breakdown. The softbox is light enough for handheld operation with the monolight's pistol grip, or can be used conventionally on a light stand.

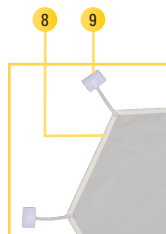

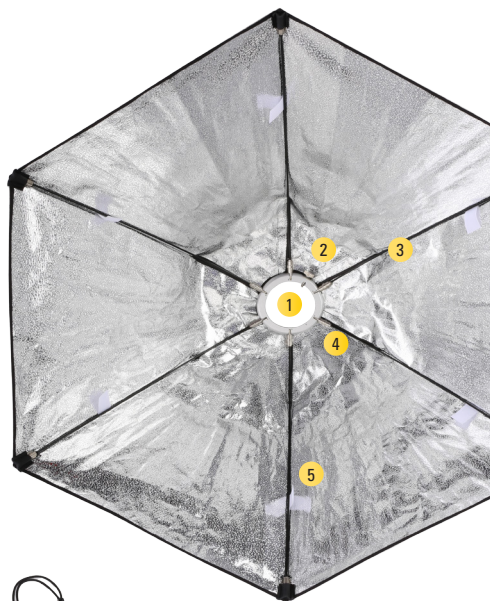

Precautions

- Please read and follow these instructions, and keep this manual in a safe place.
- Keep this product away from water and any flammable gases or liquids.
- Use only lights with the recommended wattage.
- Handle this unit with care.
- Use only parts provided by the manufacturer.
- Make sure that this product is intact and that there are no missing parts.
- All images are for illustrative purposes only.

Overview

1. Attachment ring
2. Locking knob
3. Tension rod
4. Locking tab
5. Interior diffuser touch-fastener strips
6. Touch-fastener strips
7. Mounting slots
8. Interior diffuser
9. Interior diffuser touch-fastener pads
10. Diffuser cover
11. Carry sleeve

Overview (continued)

Assembling the Softbox

To attach the softbox to the Venture TTL 600, follow these steps:

1. Place the softbox down on a flat surface, and spread the tension rods.
2. Lock each rod into place by pressing down on base of the rod until the locking tab snaps into position on the ring.

Tip: Work in pairs of rods directly opposite each other.

3. Once the rods are locked into position, separate the touch-fastener strips around the ring to widen the opening.
4. Remove the accessory locking knob on the Venture TTL monolight and set it aside. Remove all attachments from the front of the monolight except the glass cover.

Note: Performing the following steps might be easier with the pistol grip attached to the monolight.

5. Loosen the locking knob on the attachment ring, and align the mounting pegs of the monolight with the slots on the ring. Insert the monolight into the ring.

Assembling the Softbox (continued)

6. Once inserted, turn the softbox so the accessory socket is aligned with the locking screw. Tighten the locking screw to secure the softbox to the monolight. To ensure a secure connection, make sure the locking knob screws completely into the accessory socket.
7. Close the softbox around the ring by reattaching the touch-fastener strips.

Attaching the Interior Diffuser

Attach each of the 6 touch-fastener pads of the interior diffuser to the touch-fastener strips located inside the softbox. Properly installed, the interior diffuser will stretch across the softbox in front of the flash head.

Attaching the Diffuser Cover

Stretch the diffuser over the front of the softbox, and fit each corner of the diffuser's seam over the corners of the softbox.

Disassembling the Softbox

To remove the softbox from the Venture TTL monolight, follow these steps:

1. Remove the diffuser cover and interior diffuser from the softbox.
2. Unfasten the touch-fastener strip closest to the locking knob, and unscrew the locking knob so that it is free of the monolight.
3. Slightly turn the softbox so that the mounting pegs slide out of the slots on the attachment ring.
4. To collapse the softbox, place it down onto a flat surface. Gently press down on the base of each tension rod, and pull the locking tab away from the ring.
5. When all the tension rods have been unlocked, you can fold up the softbox for storage in the carrying sleeve.

Specifications

Monolight	
Diameter	31.5" (80 cm)
Dimensions (in sleeve)	Length: 21" (53.3 cm) Diameter: 6" (15.24 cm)
Weight	1.9 lb. (0.9 kg)

One-Year Limited Warranty

This Impact product is warranted to the original purchaser to be free from defects in materials and workmanship under normal consumer use for a period of one (1) year from the original purchase date or thirty (30) days after replacement, whichever occurs later. The warranty provider's responsibility with respect to this limited warranty shall be limited solely to repair or replacement, at the provider's discretion, of any product that fails during normal use of this product in its intended manner and in its intended environment. Inoperability of the product or part(s) shall be determined by the warranty provider. If the product has been discontinued, the warranty provider reserves the right to replace it with a model of equivalent quality and function.

This warranty does not cover damage or defect caused by misuse, neglect, accident, alteration, abuse, improper installation or maintenance. EXCEPT AS PROVIDED HEREIN, THE WARRANTY PROVIDER MAKES NEITHER ANY EXPRESS WARRANTIES NOR ANY IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. This warranty provides you with specific legal rights, and you may also have additional rights that vary from state to state.

To obtain warranty coverage, contact the Impact Customer Service Department to obtain a return merchandise authorization ("RMA") number, and return the defective product to Impact along with the RMA number and proof of purchase. Shipment of the defective product is at the purchaser's own risk and expense.
