

Luxbanx Speed Ring INSTRUCTIONS

Introduction

Thank you for choosing the Luxbanx Speed Ring. This speed ring allows you to attach a Luxbanx softbox to a strobe flash head quickly and easily. There are a variety of speed rings to fit a variety of strobes, so be sure you've selected the correct one for your flash. This Impact speed ring is also compatible with most major brands of softboxes.

The outer rotating ring allows you to rotate the softbox 360° to whatever position suits your needs, and the ring is self locking. The indexed flex rod holes make it easy to attach any type of softbox to the speed ring.

The Luxbanx Speed Ring has all-metal construction for years of heavy-duty performance. The outer rotating ring is solid cast aluminum with precision machined rod holes for smooth assembly. The inset is precision-machined to match your strobe head.

The outer rotating ring features two standard 3/8" tapped rod holes that can be used to adapt the speed ring to a variety of other products.

Precautions

- Please read and follow these instructions, and keep this manual in a safe place.
- Handle the unit with care.
- Clean the unit with only a soft, dry cloth.
- Keep this unit away from children.
- Use only parts provided by the manufacturer.
- All images are for illustrative purposes only.

Note: Rubber feet on the tightening screws of the SR-DYN speed ring may become overheated and melt when used with an Omni-light or any other continuous hot light.

Overview

The indexed flex rod holes are a guide to assembling a variety of differently shaped softboxes: rectangular, square, strip (long, thin shape), narrow strip (longer, thinner shape), and octagonal.

The flex rod holes labeled *A* are used when assembling a square or rectangular softbox. The holes labeled *B* are for a very narrow strip softbox. The holes labeled *C* are for a normal strip softbox. The holes labeled *8* are for assembling an octagonal softbox.

For assembling the softbox, see the manufacturer's instructions.

Compatible Flashes:

Impact, Bowens S, Westcott, and Aputure.

Compatible Softboxes:

- Luxbanx and Luxbanx Duo softboxes.
- Other brands of softboxes, including: Bowens, Broncolor, Chimera, Creative Light, Dynalite, Interfit, Photek, Photoflex, Photogenic, Priolite,

One-Year Limited Warranty

This IMPACT product is warranted to the original purchaser to be free from defects in materials and workmanship under normal consumer use for a period of one (1) year from the original purchase date or thirty (30) days after replacement, whichever occurs later. The warranty provider's responsibility with respect to this limited warranty shall be limited solely to repair or replacement, at the provider's discretion, of any product that fails during normal use of this product in its intended manner and in its intended environment. Inoperability of the product or part(s) shall be determined by the warranty provider. If the product has been discontinued, the warranty provider reserves the right to replace it with a model of equivalent quality and function.

This warranty does not cover damage or defect caused by misuse, neglect, accident, alteration, abuse, improper installation or maintenance. EXCEPT AS PROVIDED HEREIN, THE WARRANTY PROVIDER MAKES NEITHER ANY EXPRESS WARRANTIES NOR ANY IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. This warranty provides you with specific legal rights, and you may also have additional rights that vary from state to state.

To obtain warranty coverage, contact the Impact Customer Service Department to obtain a return merchandise authorization ("RMA") number, and return the defective product to Impact along with the RMA number and proof of purchase. Shipment of the defective product is at the purchaser's own risk and expense.

For more information or to arrange service, visit www.impactstudiolighting.com or call Customer Service at 212-594-2353.
