Introduction

Thank you for purchasing the Impact Collapsible Background. Impact Collapsible Backgrounds are portable and set up easily. They come in many colors and sizes. Visit our web site at www.impactstudiolighting.com to see them all.

Collapsing a background so it can fit into its storage bag is very tricky. It will take some practice to get it right. Follow these instructions carefully.

Folding Instructions

Grasp the backdrop at two adjacent corners. Lift the backdrop a little. The backdrop's own weight will assist the folding process. Fold the two ends together. The backdrop will look like a large taco.

Pass one hand behind the other in an overlapping motion; right hand to left hip and vice versa.

Folding Instructions (cont.)

Sweep the corner that is in front over the corner closest to you.

Continue folding one side over the other until both align.
The background will now fit in its carry bag.
