Gimbal-like video that's insanely smooth. Smart-capture superpowers for the best, most brilliant photos automatically. Battle-tested and waterproof without a housing. Live streaming that lets you share the moment as you live it. This bundle features HERO7 Black—the most advanced GoPro ever—plus a floating hand grip, storage case, SD card and everything else you need to get out there and get after it.

GoPro The Handler (Floating Hand Grip)

Get a solid grip on your GoPro both in and out of the water. This floating grip makes it easy to aim your camera and get the shot from a variety of angles. The bright orange cap makes it easy to spot if you ever drop it in the water.

GoPro Casey (Camera + Mounts + Accessories Case)

Casey is the perfect GoPro travel and storage solution. It fits inside a backpack but is large enough to carry your GoPro cameras, mounts and accessories. The water-resistant, semi-rigid shell guards against light rain and snow while the padded interior cushions your gear from shocks.
