- 5 Open Logitech Options, select MX Ergo Multi-Device Trackball and discover the MX Ergo trackball can do.

Product Overview

Adjustable metal hinge

With the unique adjustable hinge, you can increase the angle from 0 to a 20-degree tilt that improves the wrist posture and reduces pronation. The carefully sculpted shape gives your hand full palm and finger support, while the soft rubber on the top ensures a good, comfortable grip for long hours of work. To switch between the two angles, simply press on the side of the device to tilt it between 0° and 20° .

Features:

1. **Micro USB charging port**
2. **Adjustable angle**
3. **Back / forward buttons**
4. **Precision mode button:**

Instantly change your cursor speed and accuracy for optimal control with the press of a button. An LED light illuminates when precision is activated.

5. **Precision scroll wheel with tilt:**

Use the precision scroll wheel with tilt and middle click for convenient controls and quick access to your favorite shortcuts.

6. Easy-Switch and connect button:

Two-channel Easy-Switch capabilities let you switch between two computers without re-pairing.

7. Power LED

Rechargeable battery:

A fast rechargeable battery holds power for up to four months on a full charge. A quick, one-minute charge gives you a full day of usage.

Flow-enabled:

Easily copy/paste text, images, and files between computers thanks to Logitech Flow technology.
