GUD3C08

PART NO. Q1561-a

Package Contents

1

1 x GUD3C08
1 x USB-C Cable

1 x Quick Start Guide
1 x Warranty Card

System Requirements

- USB-C (Thunderbolt 3 compatible) Host System with DP Alt Mode support
- Windows 7/8/8.1/10
- Chrome OS
- MacOS® X 10.7+

Product Overview

1. Detached USB-C cable
2. USB-C port (to the host laptop)
3. Micro SD Card Slot
4. SD/MMC Card Slot
5. USB-A 3.0
(BC 1.2 charging port with max 1.5A)
6. USB-A 3.0
7. GbE LAN port
8. HDMI port (up to 4K resolution)
9. VGA port
10. USB-C port
(Power Delivery Pass-Through up to 100W)
(Maximum of up to 85W of power can be delivered to the laptop after deduction of 15W used by the docking station)

Please follow steps below to ensure the optimal performance:

Step 1

Turn on the host computer. Then plug in the laptop's USB-C Power adapter to the USB-C port with Power Delivery Pass-Through*

Step 2

Connect external devices to appropriate ports as needed (refer to product overview for ports call out).

Step 3

Connect external monitor(s) to the video output with HDMI port or VGA port for single monitor. Please note that VGA port cannot be used with HDMI at the same time.

Step 4

Connect the detach USB-C cable on GUD3C08 USB-C port (the port for the host) to the USB-C port on the host computer. The computer screen might appear to flicker few times before GUD3C08 can recognize all the connected devices.

*Note: Without plugging the laptop's USB-C power adapter, GUD3C08 can still function in step 2-3, but GUD3C08 will not provide power to charge the laptop.

**Note: Maximum resolution of 4K is dependent on the capability of the video display and its computer host sources.

Compliance Information

⚠ WARNING: This product may expose you to chemicals including styrene which is known to the State of California to cause cancer, birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential setting. This product generates, uses, and can radiate radio frequency energy and, if not installed and used as directed, it may cause harmful interference to radio communications. Although this product complies with the limits for a Class B digital device, there is no guarantee that interference will not occur in a particular installation.

CE Statement

This device has been tested and found to comply with the following European Union directives: Electromagnetic Capability (2004/108/EC), Low Voltage (2006/95/EC) and R&TTED (1999/5/EC).

Limited Warranty

This product carries a 1 Year Limited Warranty. For the terms and conditions of this warranty, please go to <http://www.iogear.com/support/warranty>
