

Thank you for choosing Impact.

The PLB-400SBS vinyl backgrounds allow you to add a white, black, or blue backdrop to the side of the PLB-400 Photo Booth. While you light your subject from the front of the booth, the backgrounds allow you to cover the booth's reflective side panel and shoot your subject through a side flap.

Attaching the Side Background

The included white, black, and blue vinyl backgrounds are long enough to cover the side and bottom of the booth.

1. Use the hooks to attach the clips along the top rod on the side of the booth.

2. Insert the edge of the background into the clips to hold it in place.
3. Unroll the background along the length of the side and bottom of the booth.
