PortaFrame  
Scrim Kit

INSTRUCTIONS

# Introduction

## **Thank you for choosing Impact.**

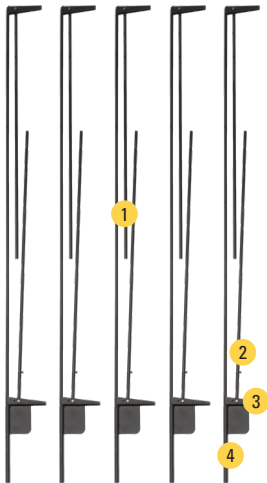

The Impact PortaFrame Scrim Kit is a flexible way to shape and modify your continuous or strobe light source. Set up the foldable system in minutes, attaching it to standard 3/8-inch grip heads. Fabric scrims block, diffuse, or reduce the light, and give you creative control over the look of your shots. The scrim kit is compatible with other equipment available from Impact Studio Lighting. For more information, refer to the Recommended Products and Accessories section of this pamphlet.

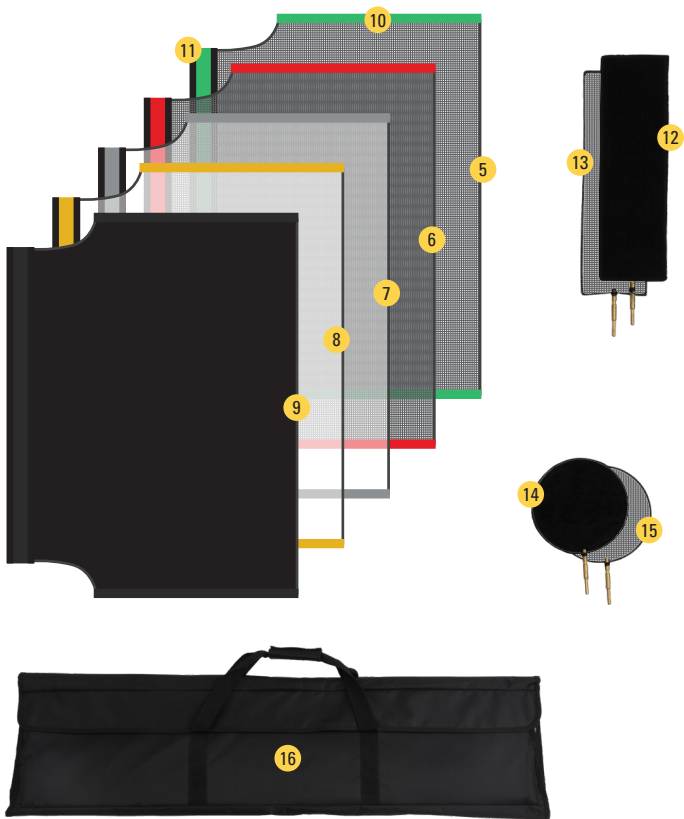

## Precautions
