

USB-C Multiport Adapter I

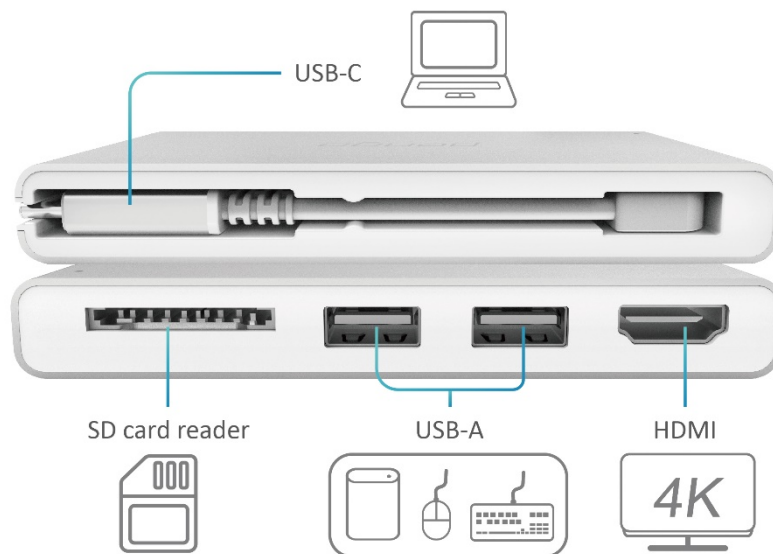

- **Introduction**

Pengo's USB-C Multiport Adapter I brings endless possibilities for every USB-C device. It brings more functionality and access to your laptop. This adapter has a built-in SD card reader, an HDMI video adapter to connect an external monitor, and dual USB-A ports. The card reader slot supports SD and SDHC / SDXC UHS-I memory cards, transfer speeds up to 104 Mbps, for a quick transfer of your photos and videos. The HDMI port can output 4K UHD high-resolution video (30Hz) as well as multi-channel digital audio, HDCP compliant. Two USB 3.1 (Gen 1) ports support data transferring up to 5 Gbps to your peripheral devices, allowing easy data transfer and device connection. It is the perfect everyday accessory for the digital media user.
