## Thank you for choosing Auray.

The Auray LS-TBAR-9 tripod is an ideal light stand for mobile DJs, bands, and small stage productions. The tripod's two telescoping sections adjust to a maximum height of 9 feet. Sturdy steel construction and wide tubes will securely support gear such as par cans, light fixtures, and effects. The tripod sets up quickly, and it comes with the hardware you need to attach your lights and gear to the T-bar. When the show's over, the LS-TBAR-9 quickly folds down to 43 inches for easy transport.
