

CONFIDENTIAL

Your first feel of racing with the Thrustmaster T128 racing wheel for PS5™/PS4™ and PC

- Optimized Force Feedback system with a lightweight wheel rim, to experience your first racing thrills
- Modern, versatile wheel rim design, featuring engine speed LEDs
- Precise **T-MP** magnetic paddle shifters for clear activation feel
- Frictionless **T2PM** magnetic pedal set for enhanced precision and no mechanical wear

KEY FEATURES

Versatility and velocity

- Modern wheel rim design featuring 13 buttons: perfect for all types of racing simulation
- Lightweight wheel rim, taking advantage of all the Force Feedback system's power

Experience your first racing thrills

- **Dynamic Force Feedback:** renders fun, intuitive racing sensations (the road or track's surface feel, loss of tire grip, bumps and impacts, the vehicle's weight) in different types of vehicle-oriented games (F1, GT, rally, trucks, farming)
- **270° to 900° rotation:** automatically adjusts according to the vehicle being used in the game
- **Hybrid mechanism:** next-generation belt-pulley and gears system, with optical reading of the wheel's position for smooth, seamless power

Engine speed LEDs

- A row of LEDs with four different colors, displaying the engine speed level*

Clamping system

- The included clamping system is compatible with all types of desks and tables

T-MP (Thrustmaster Magnetic Paddles)

- 2 magnetic paddle shifters combining incredibly precise position measurement (thanks to H.E.A.R.T technology) with super-clear, spring-style activation feel

T2PM included

- 2-pedal pedal set featuring frictionless H.E.A.R.T magnetic sensors with no potentiometers, for enhanced precision that won't decrease over time

Updatable

- Built-in USB-C port allows for firmware updates

Extensive compatibility

- Compatible with both PS5™ and PS4™
- Compatible with PC (Windows® 10, 11)

* List of compatible games available on the Thrustmaster technical support website upon product launch, and updated regularly.

LOGISTICS INFORMATION

Product name	T128
Product code	4169096 4160781
EU barcode	3 36293 411156 4
U.S. barcode	6 63296 42255 2
Inner carton (width x depth x height)	—
Units/inner carton	—
Inner carton weight	—
Master carton (width x depth x height)	14.1 x 13.1 x 12.2 inches / 358 x 333 x 310 mm
Units/master carton	1
Master carton weight	10.3 lb / 4,684 g
Double master carton (width x depth x height)	14.8 x 13.8 x 13.2 inches / 376 x 351 x 335 mm
Double master carton weight	11.8 lb / 5,344 g
Capacity/20' container (units)	735
Capacity/40' container (units)	1,520
Capacity/40' HQ container (units)	1,780
Product origin	Designed in Europe and North America / Made in China

BOX CONTENTS

T128 racing wheel
T2PM pedal set
48-watt power supply + power cable
Clamping system and screw
USB cable
Quick install guide and warranty information

PRODUCT MEASUREMENTS

Dimensions	Width: 10.2 inches / 260 mm
	Depth: 11.8 inches / 300 mm
	Height: 11.0 inches / 280 mm
Weight	9.0 lb / 4,098 g
