Product Highlights

Operation

Charging the battery pack

The battery is not fully charged and it is highly recommended that you charge ABS04F before you begin using it.

Note: Using ABS04F "out of the box" will not harm the device. You will experience reduced battery life as the unit will not be fully charged.

To charge the device, Connect the larger USB end of the cable provided to your PC / power adapter. Connect the smaller USB end to charging port of ABS04F. Please charge the battery for a minimum of (3) hours. The Red LED will be flashing while charging. When charging is complete, the red LED will turn off.

Operating your speaker

Function	Operation
Answer / End Call	During an incoming call, short press the ▶▶ button to answer the call, short press it again to end the call.
Redial	During music playback, short press the ▶▶ button to pause the music, then press and hold the ▶▶ button for 2-3 seconds to redial the last number called. Otherwise, just press and hold the ▶▶ button for 2-3 seconds to redial the last number called.
Enter pairing mode	Press and hold the ▶▶ button for 6 seconds.
Volume +	Short press to advance to next song . Press and hold to increase the volume.
Volume -	Short press to advance to previous song. Press and hold to decrease the volume.

Radio and TV Interference Statement

WARNING!!! This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by whatever measures may be required to correct the interference.

Pairing with a smartphone or tablet:

Note: The pairing mode will last for 3 minutes. If the pairing failed within 3 minutes, the system will search for the last paired device and the blue LED will flash slowly. To restart the pairing process, turn off the speaker and power on again.

The pairing procedure will vary depending on the actual device. The general pairing procedures are as follows:

1. Make sure ABS04F is turned ON.
2. Press and hold the **▶▶** button for 6 seconds until the LED flashes red / blue to enter pairing mode. You will hear 3 audio tones and the blue LED will flash rapidly.
3. Activate your device's Bluetooth function and set your device to search for Bluetooth devices. Select ABS04F when it is found.
4. For transmitter with Bluetooth version 2.1, you will not need to input a code. If you are prompted for PIN, please enter "0000".
5. If prompted by your device to connect, please select "Yes".
6. After connecting successfully, the blue LED will flash every 3 seconds.

Note: Please make sure the audio output is set to Bluetooth / ABS04F for audio streaming from the device.
