

## Thank you for choosing Angler.

The Angler FB-PA2 lets you attach the Profoto A2 monolight to your Angler FastBox. When the adapter is securely mounted, take advantage of the FastBox Series of accessories, like the 40° grid, diffusers, and color gels.

### Attaching the Flash Adapter and Flash to the FastBox

Line up the alignment dots. Insert the adapter, and rotate clockwise until it clicks in place.

Align your flash with the adapter's magnets. Seat the flash into the adapter so the flash is secure.

A safety lanyard is included to attach your flash to the FastBox. To attach the safety strap, cinch it around the flash head, and then clip it to the FastBox.

### Removing the Flash and Flash Adapter

Carefully pull your flash out from the adapter's magnets.

Press the unlock button. Then rotate the adapter counterclockwise and remove it from the FastBox.
