Product Specifications

Item	Specification
Input	AC 100V–240V, 50/60Hz 0.6A
Output	DC 5V/3A, 9V/2.22A, 12V/1.67A
Length	1.66"
Width	1.18"
Height	2.34"
Weight	1.46 oz

02 Using the RapidVolt Car Charger

Connecting to Power

Simply plug the RapidVolt into any wall outlet.

Charging Your Device

Connect your device to the RapidVolt Wall Charger using a USB-C cable (not included). Fast charging will begin automatically.

01 Informations du produit

En bref

Caractéristiques du produit

Article	Caractéristique
Entrée	AC 100V–240V, 50/60Hz 0,6A
Sortie	DC 5V/3A, 9V/2,22A, 12V/1,67A
Longueur	4,22 cm
Largeur	3 cm
Hauteur	5,94 cm
Poids	41,39 g

02 Utilisation du chargeur mural RapidVolt

Connexion à l'alimentation

Branchez simplement le RapidVolt dans n'importe quelle prise murale.

Chargement de votre appareil

Connectez votre appareil au chargeur mural RapidVolt à l'aide d'un câble USB-C (non inclus). La charge rapide démarre automatiquement.

01 Informazioni del prodotto

Conectar a la corriente eléctrica

Simplemente enchufe el RapidVolt a cualquier toma de electricidad de pared.

Cargar su dispositivo

Conecte su dispositivo al Cargador de Pared RapidVolt usando un cable USB-C (no incluido). La carga rápida comenzará automáticamente.

Operation Warnings

Note

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference.
- (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Warning Statements

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment shall be installed and operated with minimum distance 20cm between the radiator & body.

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) L'appareil ne doit pas produire de brouillage;
- (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Radio Frequency Exposure Statement for IC

This equipment complies with IC exposure limits set forth for an uncontrolled environment. This equipment shall be installed and operated with minimum distance 20cm between the radiator & body.

Cet équipement est conforme aux limites d'exposition IC définies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale de 20cm entre le radiateur et la carrosserie.

Important Safety Information

This manual contains important safety and operating instructions for the RapidVolt 20W Wall Charger (CHCRIO160).

Please read all instructions and safety information before using this product. If damage occurs as a result of failure to follow the instructions, the warranty will be voided.

- Do not expose to rain, moisture, or snow.
- To reduce the risk of electric shock, unplug this wall charger before attempting any maintenance or cleaning.
- Avoid extended exposure to direct sunlight, which may damage the device.
- Exposing this product to open flames may cause it to explode.
- Use a dry, soft lint-free cloth to clean. Do not use any corrosive cleaner or oil to clean.

This product complies with the radio interference requirements of the European Community.

This product is designed and manufactured with high quality materials and components, which can be recycled and reused.

The product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health and the environment. For more information on disposal and recycling of this product, contact your local municipality, disposal service, or the shop you bought this product.

The RapidVolt Wall Charger is backed by
a 2 year warranty.
